Outlines Modern Program

New GOP Chairman Calls on Republicans To Use Opportunity For Closing Ranks

KANSAS CITY, Mo., Feb. 9.—(AP)—Meade Alcorn called on fellow Republicans tonight to seize the opportunity in the 1957 and 1958 elections to "solidify the new alignments now taking place" in the Republican party.

This could be done, he said, by carrying out what he called the "Program of the Future" of the Eisenhower Administration—a modern day Republican program "with the vision and vitality to meet the demands of the day."

Prepared for a Lincoln Day dinner, it was Alcorn's first speech since his election Jan. 22 as chairman of the Republican National Committee.

He said the Republican party is a "party of inclusion and there's room for everyone who believes in sound government, sound economics, and a forward-looking program for the future."

"Our platform and our candidates," he added, "don't have to say one thing in the North, and another in the South, one in the East, and a different one in the West."

Calling the Democratic party a "party of exclusion and division," he said:

"It's the party that talks about class distinctions and the party that tries to play labor against management and region against region for its own political advantage."

Alcorn disputed claims that the Democratic party is the majority party today despite Eisenhower's 94 million vote plurality last November. He said the 1956 election proved the GOP today "is the party of all the people."

He asserted Democrats "think their program of the 1930's is an answer to the needs of 1957." But he said in the last four years a "quiet upheaval has been taking place right before our eyes—a revolution of ideas and political alignments."

State GOP Rift Is Said To Be Healed

KANSAS CITY, Feb. 9.—(AP)—Missouri Republicans talked at length about harmony today but whether they had settled the high level split over patronage remained to be seen.

While party leaders talked to various allied groups meeting with the Missouri Assn. of Republicans at the annual Lincoln Day pow-wow, much behind-the-scenes maneuvering was apparent.

Perry Compton, the state chairman, failed to show up for a dinner of the women's organization although the affair was delayed 30 minutes. Friends said he was "too busy" to attend because of conferences at the hotel.

For those looking for harmony there was hope in the brief statement by Albert E. Schoenbeck of St. Louis, who had been appointed chairman of a committee to bring the warring factions together.

He said "after a thorough discussion we have reached accord on this important matter."

Shouting Has Faded Out

Army, National Guard Approach Compromise Duty Requirement

WASHINGTON, Feb. 9.—(AP)—Shouting has given way to talk of compromise in the row between the Army and the National Guard as to whether new guardsmen should be ordered to six months active duty.

This is the argument that reached deafening pitch after Secretary of Defense Wilson dropped his now celebrated remark about a "sort of scandal" during the Korean War. The scandal, Wilson said and Guard spokesmen furiously denied, was the enlistment of some young men in the Guard to avoid being drafted for combat.

A House Armed Services subcommittee which has been considering the issue is now in a week's recess. Some of its members, however, talked about two ways in which the issue might be resolved:

1. Split the six months training in two, so that it would fit into two summertime school vacations.

2. Let the Army agree to the Guard's preference—compulsory training for 11 weeks only—with

BENEFIT STYLE SHOW—Getting ready to model in the Beta Tau Chapter, Beta Sigma Phi, style show to be held Wednesday evening at Convention Hall, are left to right, Mrs. Fred Haas, Mrs. Vernon Bingham, Mrs. Don Richardson, Mrs. Ward Fennell and Mrs. Jerry Trotter. Rep. Walter Asserts Danger Of Communism Increasing

Makes Remark In Committee Annual Report

Claims Force Equals 20 Combat Divisions All Loyal to Soviet

WASHINGTON, Feb. 9.—(AP)—The chairman of the House committee on un-American activities said today "the danger of communism is increasing, not receding."

"At this moment on American soil are the equivalent of 20 combat divisions of enemy troops engaging in propaganda, espionage, subversion, and loyal only to the Soviet Union," Rep. Walter (D-Pa.) said.

Numerically the membership of the Communist party of the United States has declined considerably in the past few years as many "dilettantes" left the fringes, Walter said, but:

"Those remaining in the Communist apparatus comprise a hard core of revolutionaries who have consecrated themselves to accomplish the annihilation of our form of government."

Walter said the committee's investigations and hearings in 1956 disclosed:

1. "A mammoth nationwide campaign of political subversion designed to paralyze security programs of the executive and legislative branches of the United States government."

2. "The curious posture of a major United States 'educational' foundation, the Fund for the Republic, Inc., some of whose practices have provided great aid and comfort to the Communist apparatus, particularly in the vital area of mass communications and entertainment."

3. "The extensive use of American passports by the Communist conspiracy as a basic means of moving subversive agents in and out of the United States and other countries of the free world."

4. "The identity of four other agencies of the federal government in which Communist party underground cells operated during the 1940s." It listed these as the Railroad Retirement and the Social Security Boards, the Rural Electrification Administration and the Department of Labor.

5. "The treasonable activities of American citizens in a Save Our Sons Committee established to disseminate Communist propaganda among American prisoners of war in Korea and their families in the United States."

6. "The efforts of the Communist party to expand its operations in Connecticut, North Carolina and the West Coast through colonization of basic industries in those areas, proselytization of youth and students, and organization of large numbers of non-Communists for political action of benefit only to the Communist party."

Rules Are Presented

Marketing Committee Votes To Assist in Hog Contest

Members of the farm marketing committee of the Sedalia Chamber of Commerce met Friday afternoon with County Agent Merle Vaughan regarding a meat-type-hog contest and voted unanimously to assist in the project.

The project is being sponsored by Kansas City Radio Station KCMO in cooperation with the University of Missouri.

Hereford Cattle Breeders Hold Banquet Tonight

The Missouri Hereford Cattle Breeders Association will hold its annual meeting and banquet at Bothwell Hotel tonight at 6:30 o'clock.

Attending the banquet representing the Sedalia Chamber of Commerce will be Everett Stevenson, director of the agriculture division and B. C. Claycomb general chairman of the Chamber. Trophies which will be presented by the Sedalia Chamber of Commerce to the owner of the grand champion bull and the grand champion female will be on display.

Monday the show and sale will be held at the Missouri State Fair Grounds, the show to be in the morning and the sale in the afternoon after which the trophies will be presented.

It is anticipated that 150 persons will be here to attend the annual meeting and show and sale according to A. J. Dyer, secretary treasurer, Columbia.

Sedalian Hurt In Car Mishap North of City

Donald Cramer Suffers Severe Injuries Saturday

Donald Lewis Cramer, 22, of 401 East Howard, suffered severe injuries about 1:40 p.m. Saturday in a one-car accident on U. S. Highway 65, about four miles north of Sedalia. He was in a car driven by Gerald Dean Sands, 17, of 501 East Harvey.

Cramer, thrown from the car, received a fractured right ankle, fractured left forearm, and possible fractured pelvis. He was treated at the Bothwell hospital by Dr. D. R. Edwards. X-rays taken were read by Dr. Robert Stewart, radiologist.

Sgt. E. W. Van Winkle investigated the accident. The car, a 1953 Ford coach, was headed south on the highway and went out of control on a curve. The machine went off the opposite side of the highway, down an embankment, struck a concrete culvert and rolled end over end.

Cramer was thrown from the car while Sands said he "rode it through." A doctor who formerly resided at Sweet Springs and whose name was not obtained, was passing at the time and stopped to check Cramer over.

A State Highway Patrol Trooper from St. Joseph, Mo., who was also passing enroute to Jefferson City, stopped and offered assistance. The doctor suggested the State Trooper take Cramer on to the Bothwell Hospital, which was done.

The car, demolished, was towed to the Howerton Service Station.

March of Dimes Tops Goal Again

The Pettis County March of Dimes went over its goal again—the fifth time in the past six years.

So far a total of \$10,200 has been collected, according to Scott Webber, Pettis County chairman of the drive, and there is still some to be collected which will put the grand total at about \$10,500.

WAFB Wing Will Possess AF Trophy

The 340th Bomb Wing at Whiteman Air Force Base won permanent possession of the Brigadier General Jack Roberts Trophy for its top performance in the latest Eighth Air Force bomber stream competition, it was announced late Friday by Maj. Gen. Walter C. Sweeney, Jr., Eighth Air Force commander.

This is the third consecutive time that the B-47 equipped 340th Bomb Wing at Whiteman has topped all other Eighth Air Force bases in bomber stream competition. Bomber stream missions, termed "Pace Setter" missions, are designed to test the bombing ability and navigation accuracy of Eighth Air Force crews while performing simulated "bomb" drops on target complexes. Scores are computed during three radar bomb runs on targets near specified American cities and one night celestial navigation mission flown by every crew in each competition.

The Brigadier General Jack Roberts Trophy, named in honor of a former Eighth Air Force Chief who died in 1955, is a trophy which signifies outstanding accomplishment among all Eighth Air Force bombardment wings in periodic bombing evaluation missions. Winner of three of the missions gains permanent possession of the trophy.

Dairy Rates Continue

Benson Announces Cut In US Price Supports

WASHINGTON (AP)—Secretary of Agriculture Benson today announced lower government price supports for a broad range of agricultural products.

Supports were lowered, in relation to last year's levels, on cotton, oats, barley, rye, sorghum grain, sardines, flaxseed and cottonseed.

Present rates were continued for dairy products.

All the rates were below average prices farmers received for these products in mid-January. The new rates, last year's rates, and the average price producers received in mid-January, respectively, included:

Cotton—28.15 cents a pound, gross weight, on the basis of middling 7/8-inch at average location, compared with 29.34 cents last year and the average producer price of 30.21 cents in mid-January. Benson held up the possibility, however, that the cotton rate might be raised if market prospects improve.

Oats—60 cents a bushel for grade No. 3 compared with 65 cents last year and the grower average price of 75 cents.

Barley—94 cents a bushel for grade No. 2 or better compared with \$1.02 last year and a mid-January market average of \$1.05.

Rye—\$1.15 a bushel for grade No. 2 or better compared with \$1.27 last year and the mid-January average of \$1.22.

Sorghum grain—\$1.83 a hundred pounds for grade No. 2 or better compared with \$1.97 last year and the January producer price average of \$2.13.

Soy beans—\$2.09 a bushel compared with \$2.15 last year and \$2.31 for the mid-January price average.

Flaxseed—\$2.92 a bushel compared with \$3.09 last year and \$3.04 in the mid-January market average.

Cottonseed—\$46 a ton for cottonseed stored under price support loans compared with \$48.60 last year and \$42 a ton for cottonseed bought from producers, compared with \$44 last year. Grower prices averaged \$60.40 in mid-January.

Milk used for manufacturing purposes—\$3.25 a hundred pounds, the same as last year. Producer prices averaged \$3.56 in mid-January.

Butterfat—58.6 cents a pound, the same as last year. Producer prices averaged 59.1 cents in mid-January.

Of the 1957 supports announced by Benson to date, only those for wheat, wool, mohair, and dairy products have not been reduced.

Running Railroad in Africa Brings Excitement, Troubles

LONDON (AP)—If you want excitement, take a job running a railroad in Kenya.

There are lions to fight and elephants to dodge. Keeps a man fit all the time.

Malcolm H. Archer, public relations officer of the East African Railway & Harbors, Nairobi, idly reading about the troubles of railroading in some countries, recounted some of Earth's difficulties in a letter to the Times.

Out of the Archives of his firm he dug up these historic messages:

From station master, Irma, to game warden, Tsavo Royal National Park, November, 1954: "You required urgently at Irma station to watch and kill notorious lion hunting railway staff after 6 p.m. daily."

Then there was one on Jan. 29, 1954, from the assistant station master, Kanga, to the district traffic superintendent, Mombasa: "Yard congested with about eleven elephants."

In August, 1955, there flashed this message from the station master, Voi, to district traffic superintendent, Mombasa:

"Urgent — assistant station master narrowly escaped from being caught by lion, assisted by traveling ticket examiner. All staff unwilling to do night working. Afford protection."

And in June, 1956, the station master, Bujoko, wired the district traffic superintendent, Kampala: "One buffalo chasing gangman. Work stopped. Arrange early shooting."

It was the same — or even worse — back in the early 1900s. One message in May, 1901, from station master, Tsavo, to traffic

manager, Nairobi, stated: "Just a lion twice or thrice to break office and fencing doors, leaving office door on bell ringing half-hour. Myself and family, consisting of two wives and three children, narrowly escaping danger of life. Now seeking safety in office. Cannot dare give 'line clear' signal to oncoming train. Please arrange matter own personal satisfaction and dispose of two lions who great bane of my existence."

G. R. Rebekahs Have Attendance Contest

Green Ridge Rebekah Lodge held its regular meeting Feb. 4, with the Noble Grand, Mrs. Frances Baslee in charge.

An invitation was received from Loyal Rebekah Lodge of Sedalia to attend a meeting of the Lincoln Rebekah Lodge on Feb. 13, when the traveling cross will be brought to the Lincoln Lodge by Loyal Lodge.

The Look attendance contest between the Greens and the Pinks was reported as follows: Seventeen greens present with 505 points and twenty pinks present with 200 points. Mrs. Verna Palmer announced that she and her staff would install the officers of Meadow Queen Lodge Tuesday night, Feb. 12.

In the canvas of Green Ridge for Polio by the Green Ridge Rebekahs, the contributions amounted to \$96.70, the \$50.00 contributed by the Green Ridge Rebekah Lodge makes a total of \$146.70 that they raised.

Those present having birthdays in February were, Mrs. Gordon Brownfield, Mrs. Leon Morgan, Mrs. Floyd Egbert, Mrs. Emory Brown, Mrs. Harold Yount and Jim Pace. The Birthday Song was sung to them and each were presented a small gift from the Noble Grand, Mrs. Baslee.

The Chaplain Mrs. Mattie Myers presented the Bible lesson and Mrs. Lloyd Brown read a short

It May Save Money to Calculate Your Income Tax on Both Forms

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Missouri Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

When you use the "short form" in filing your income tax return, or take the standard deduction on the "long form," you are allowed a deduction of about 10 per cent to cover such personal expenses as interest, state and local taxes, contributions and medical expenses.

If you are sure that your personal deductions are less than the 10 per cent standard deduction, there is no need to itemize them. But it is worth the effort of calculating your tax on both forms. Here are some deductions you should be careful not to overlook:

Interest on Loans
The interest you pay on loans is deductible. This includes mortgages, automobile, appliance, home improvement or personal loans you may have. The part of "carrying charges" representing interest on installment purchases is deductible. Evidence such as a statement from the seller should be obtained to show the amount of interest you paid during the year.

State and Local Taxes
Most taxes, other than federal taxes, are deductible. These include state and local real estate, personal property, income, retail sales, poll taxes and, in all but a few states, gasoline taxes. You can also deduct auto licenses and registration fees, but not dog or hunting licenses.

Charitable Contributions
Another type of deduction you can take if you itemize your deductions is your contributions to any "religious, charitable, educational, scientific or literary" organizations. These contributions are deductible up to 20 per cent of your income, and up to 30 per cent if at least 10 per cent of your income was paid as gifts to religious organizations, schools or hospitals.

In adding up your contributions, don't forget that gifts of property can be deducted at their fair market value as of the time they were donated. Suppose, for example, you contributed to your church a share of stock which had doubled in value while you had it. You can deduct, as a contribution, the full value of the stock at the time of the gift, even though you only paid half that much for it. At the same time you escape paying the tax on the capital gain which would have been realized

if you had sold the stock instead of contributing it.
An individual is not permitted to deduct a contribution which he has pledged but not paid during the tax year. Contributions of services are not deductible, and blood donations are construed as a service.

Transportation Expenses
An employee is permitted to deduct, in determining adjusted gross income, all his transportation expenses incurred in connection with his employer's business if they are not reimbursed. These include fares, automobile expenses, and (if in connection with over-night travel) meals and lodging. Other expenses paid in accordance with an expense allowance arrangement with the employer may also be deducted for this purpose.
An employee's expenses other than these can only be deducted

if the standard deduction or tax table is not used. The expense of commuting between home and place of work is not deductible at all.
An "outside salesman" (one who usually works away from his employer's business) can deduct all business expenses before arriving at adjusted gross income, just as if he were in business for himself.

Miscellaneous Deductions
If you had certain expenses connected with your employment (other than travel or reimbursed expenses) you can claim them as miscellaneous deductions. Examples would be tools, uniforms, union dues and employment agency fees.
Other miscellaneous deductions include the fee for preparation of your tax return, some alimony and a share of interest and real estate taxes paid by a cooperative apart-

ment corporation of which you are a tenant stockholder.

The instruction book which comes with your tax forms gives further information. Help is also available by telephone or at offices of the Internal Revenue Service. The Revenue Service urges you to consult a properly qualified

advisor if you decide to seek outside help.

Will Conduct Global Study Of Literature

NEW YORK (AP)—A worldwide, two-year study of Christian foreign missions literature will be directed by Miss Marion Van Horne, youth director of the Reformed Church in America.

The appointment was announced by the National Council of Churches. In her new capacity, Miss Van Horne will serve as associate secretary for literature of the council's Committee on World Literacy and Christian Literature.

The global study will deal with publications supported by 39 Protestant boards and agencies cooperating in the committee's work.

Many foreign language magazines printed overseas with U.S. church support will receive special attention in the survey, Dr. Floyd C. Shacklock, executive secretary of the Committee on World Literacy, said.

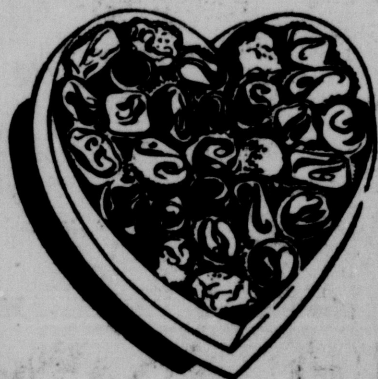

"We need to know if these publications are competing successfully with popular secular magazines in the mission area, including those of Communist sympathies," Dr. Shacklock explained.

A special \$150,000 grant has been voted the Lutheran Church of Hungary by the National Lutheran Council. The sum is in addition to a fund of up to \$75,000 earmarked last November for use in Eastern Europe, particularly for aid to Hungarian refugees in Austria.

The grant, voted at the National Lutheran Council meeting in Atlantic City, N.J., was made possible by oversubscription of last year's Lutheran World Action appeal by more than \$165,000.

*It's True for Sedalia . . . Just the Same as
for Other Cities All Over the U. S. A.*

PUBLIC OWNERSHIP OF OUR WATER SYSTEM WILL SAVE ALL OF US MONEY

The drawings below show how much money it will save the average householder in Sedalia in one year.

These figures are based on the records of the Sedalia Water Company, as examined by the Citizens' Water Committee, and confirmed by Conser, Townsend & Associates, Consulting Engineers. The Engineers go on to say, in their Report on the Sedalia Water System:

"the present water rates are too low for continued PRIVATE ownership operation"

BUT

"the proposed purchase of the Water System by the City for municipal operation would be economically feasible under present water rates"

The Water Company has already notified the City that it cannot longer delay application for a rate increase.

THE DRAWINGS EXPLAIN AT A GLANCE WHY—

"MORE THAN 90 PERCENT OF THE WATER WORKS SYSTEMS IN THE U. S. TODAY ARE OWNED AND OPERATED BY MUNICIPALITIES."

"Water works operation, unlike electric, gas and telephone utilities, is an operation which is entirely local in character and lends itself economically to public ownership."

—from the Engineers' Report

The Sedalia Water System now enjoys excellent management
... AND WILL CONTINUE TO HAVE EXCELLENT
MANAGEMENT UNDER PUBLIC OWNERSHIP

- Administration will be by a BI-PARTISAN WATER BOARD, acting for all citizens.
- Actual operation will continue to be in the hands of skilled, experienced technical personnel, as it is now.
- The Missouri State Board of Health will continue to supervise this operation.

WHAT DOES THE LAW SAY? The law vests control in a Bi-Partisan Board of 4 members, appointed and bonded, serving staggered terms of 4 years each. (The first Board Members serve 1, 2, 3, 4 years respectively; thereafter 4 years each). See 91.460: "Not more than two members of said board shall belong to the same political party, and its administration shall in all respects be entirely nonpartisan."

Our State of Missouri is No Exception to the Nationwide Picture

of lower water rates under public ownership. Here are actual charges for 3,750 gallons of water consumed in one month, in representative cities of Missouri:

Private Ownership		Public Ownership	
Springfield, Mo.	\$3.42	Marshall, Mo.	\$2.40
Mexico, Mo.	3.00	Moberly, Mo.	2.15
Independence, Mo.	2.78	Fulton, Mo.	1.75
Sedalia, Mo. (present rate)	2.65	Hannibal, Mo.	1.69
SEDALIA WITH 40% INCREASE	3.71	Columbia, Mo.	1.50

One after another, privately-owned water systems have been forced to raise their charges far above the level of publicly-owned systems. Here are some representative increases, granted or pending, since World War II:

Base Rate	Increase
Springfield, Mo.	UP 153%
Joplin, Mo.	UP 75%
Mexico, Mo.	UP 58%
Independence, Mo.	UP 50%

All of the above water systems are privately owned. The reason why these increases HAD TO BE SOUGHT lies in the EXTRA EXPENSES which privately-owned water systems have to pay:

1. High Federal Income and other taxes.
2. Dividends to give stockholders a fair return on their investment.
3. Higher interest rates paid on money borrowed for improvements.

Publicly-owned water systems DO NOT have to pay taxes or dividends, and they pay LOWER interest rates on funds borrowed. These SAVINGS are passed on to the WATER USER in the form of LOWER WATER CHARGES.

Our Committee has studied Sedalia's water rate problem for more than 6 months, and has checked our preliminary conclusions with the findings of the Consulting Engineers. We are convinced that the only way we can prevent a substantial increase in water rates is

BY VOTING PUBLIC OWNERSHIP FOR THE SEDALIA WATER SYSTEM

at the Revenue Bond Election, February 19.

A VOTE FOR the Water Revenue Bonds

is
A VOTE FOR holding down Water Rates

Former Head Of Hungary Dies at 88

ESTORIL, Portugal, Feb. 9 (AP)—Adm. Nicholas Horthy, Regent of Hungary from 1920 until 1944, died here today at the age of 88.

His physicians attributed death to old age, aggravated by shock caused by the Soviet Union's use of force in his country. He had been ill for a fortnight.

At his bedside were his wife, his only surviving son Nicholas, and his daughter-in-law Elona, widow of his elder son.

After the collapse of the Austro-Hungary monarchy, Horthy was elected Regent of Hungary in 1920. The following year he thwarted attempts by the former Emperor, Charles, to resume the Hungarian crown. Thereafter, he devoted his efforts to solidifying his relations with Germany and Italy.

A year after the outbreak of World War II, Hungary was the first small nation to join the axis of Nazi Germany, Fascist Italy and Imperial Japan. In this Horthy apparently had the full support of his people.

But Horthy's position was weakened by axis reversals in the East in 1942-43, and the approach of the Russian troops in 1944 led him to appeal for an armistice.

The Regent was arrested by Nazi soldiers Oct. 15, 1944. They stormed his Budapest palace after he announced he was negotiating for an armistice. He and his family were taken to a castle in Weihenstephan, Germany, where they were held under house arrest until freed by American troops in May 1945.

Yugoslavia filed a request that Horthy be tried as a war criminal but he went into hiding and was not brought to trial.

Boonville Okays Bond Issue Four-to-One

BOONVILLE (AP)—Boonville's new intermediate school building and improvement of her old school buildings were assured yesterday in the special school bond election when voters approved the \$625,000 issue approximately four to one.

This was considerably more than the two thirds majority required to pass the issue.

There were 1462 votes cast for the proposition and 356 against.

Appoints Leo Fisher To State Commission

JEFFERSON CITY (AP)—Gov. James T. Blair Jr. has picked Leo Fisher of Parma as a member of the State Highway Commission, succeeding Commission Chairman Harris D. Rodgers of Benton.

Blair said he has not decided whether Fisher will become chairman of the commission. Fisher, 48, a wealthy cotton planter, gin owner and businessman of southeastern Missouri, immediately announced he will put special emphasis on the highway needs of St. Louis and other metropolitan areas.

Local Scout Leaders Plan Honor Courts

The monthly meeting of the Pettis District, Boy Scouts of America, was held in the service building at Broadway Presbyterian Church, with Frank Bair, advancement chairman, in charge. In opening the meeting Bair talked briefly of the three points of scouting as represented by the badge—Be Prepared.

Three candles were mounted on a replica of the Scout badge, and in lighting the candles Bair said, "These candles represent the three points in Scouting—for God, for Country and for Self; by failing to do the things necessary to make scouting interesting to both boy and man is just like blowing out any one of these candles."

Bair announced there would be four Courts of Honor to be held at the following sponsoring institutions: Feb. 10 at First Baptist Church, an Eagle Court with Leeland Payton to be awarded the Eagle rank. On Feb. 12, Troop 57 of the Evangelical and Reformed Church, J. W. Hill, Scoutmaster, will hold a Court of Honor for all ranks at 7:30 p. m. with a potluck supper to start at 6:30 p. m. with all parents in attendance. Also on Tuesday, Feb. 12, Troop 69, St. Paul's Lutheran Church will hold a Court of Honor for all ranks at 7:30 p. m. A pot luck supper will be held at 6:30 p. m. with parents and friends of Scouts to attend. On Wednesday, Feb. 13, Troop 54 of the First Methodist Church, Paul Mowry, Scoutmaster, will also hold an all-rank Court of Honor.

Lou Linn was in charge of the panel on camping. Mr. Linn said preparations for the Pettis District's annual Camporee to be held on April 27-28, with Roy Kline in charge, has called a meeting of staff workers for Feb. 18. Linn said three Scouts and one Explorer are registered from the Pettis District for the jamboree to be held at Valley Forge, Pa. They are: Wayman Hofheins, Scout; Bill Kreisel, Explorer; Pete Seigel, Jr., Scout, and Larry Houk, Scout. Linn in his discussion, told of the importance in planning ahead for these events, and added, "Troop 41 of Slater has planned for several months in order to take the trip scheduled for this summer. They are going to take a canoe trip in Canada."

Continuing, Mr. Linn said, "This summer at Camp Pa-Ha-Tai, there will be an Explorer Expedition lasting from Monday to Thursday, by canoe, a trip that will be better than 60 miles. And our plans are to hold outpost camps for Scouts. Be sure your units are registered early—that way you will be sure of getting the week your boys want."

C. A. Phillips was in charge of the organization-extension panel. He told of the tremendous task in forming a Cub pack.

"Cubbing," said Mr. Phillips, "isn't as easy as it looks—it may take several months to follow through with the formation of just one unit."

"Cubbing isn't a competitive work," said Mr. Phillips. "It's vastly different from the competitive form of Scouting where boys compete, sometimes to a degree of real tug-of-war, to climb the ranks in Scout skills."

Advancement Chairman Bair in discussing the problems of scouting said, "Sponsoring of a troop is the strict responsibility of the institution sponsoring a troop or pack; it is necessary for the unit's committee to work diligently to make either form work successfully."

The Smithton Methodist Church will receive their charter today, with C. A. Phillips making the presentation.

**Says Counterfeiters
Tricked Refugees
Into Distribution**

VIENNA (AP)—Police sources said today an international gang of counterfeiters apparently used unwitting Hungarian refugees to distribute many bogus American dollar bills.

The bills—described as excellent imitations—have been familiar to international police for two years, but their circulation appeared limited. Soon after the start of the mass influx of Hungarian refugees into this country, police began turning up considerable numbers of the bills.

Police Court
Clyde Edward Webb, Lockwood, Mo., charged with parking on Ohio in the 400 block between 2 a. m. and 6 a. m., forfeited a \$2 cash bond.

William H. Davis, Kansas City, charged with careless driving in connection with an accident at 32nd and Limit Friday evening, was fined \$25. Hanes pleaded innocent to the charge.

Involved in the accident was a 1948 Dodge sedan driven south on Limit by C. V. McCubbin, Lincoln, and a 1956 Buick sedan driven southwest by Hanes. The left front fender and headlight were damaged on the Dodge, and the right rear door and fender on the Buick were damaged.

Armed Johnson, 326 East St. Louis, charged with being drunk and disturbing the peace, was fined \$10 on the first charge and \$15 on the second. She pleaded guilty.

Howard Wesley Webb, 27, of 317 East St. Louis, charged with threatening to do bodily harm with a deadly weapon, by pulling a .22 caliber rifle on Everett Jackson, 709 North Washington, appeared in police court and the charge was changed to assault. He pleaded innocent and after hearing the evidence the judge fined him \$15.

Charles A. Neth, 21, Route 5, Sedalia, arrested on South Limit and charged with driving a car while under the influence of intoxicating beverage, was given a continuance to Feb. 11.

Three overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each while eight others paid the 25-cent fee.

The case of A-3c Leonard Mokshelski, 19, Whiteman AFB, charged with driving a car while under the influence of intoxicating beverage was continued.

Eugene Marion Simms, 37, of 103 East Henry, charged with taking two dressed chickens from Pearl Miller, 405 North Monticue, appeared before Judge Willard Morris Saturday morning. He pleaded innocent to the charge and after a hearing was found innocent and dismissed.

A-2c William Bobo Jr., 22, charged with speeding 30 miles per hour in a 30-mile zone on West Main, forfeited a \$25 cash bond.

T-Sgt. William R. Morris, 30, of 121 South Osage, charged with careless driving at Broadway and Monticue, pleaded guilty and was fined \$75 by Judge Willard R. Morris.

Magistrate Court
Richard Thorne, WAFB, was fined \$5 and costs on a charge of driving a car with an improper license plate. Thorne pleaded guilty to the charge. His 1957 Ford bore a license plate from Alabama.

T. T. Steenburgh, Sweet Springs, was fined \$5 and costs on a charge of hunting without a license. Steenburgh pleaded guilty.

Benton County Magistrate Court before Mark Wilson, magistrate pro tem, the following persons appeared:

Raymone Frederick Brown, Lebanon, charged with following too close, pleaded innocent. He was found guilty by the court and fined \$5 and costs.

Joseph William Klotz, Warsaw, pleaded guilty to driving on the wrong side of the road with drinking involved, was fined \$50 and costs.

Edward Jenkins, Kansas City, charged with passing on a hill with view not clear, pleaded guilty and was fined \$10 and costs.

Gordon George Williams, Ionia, charged with driving on the wrong side of the road with drinking involved, pleaded guilty and was fined \$75 and costs.

Harrison Hill, Higginsville, charged with driving on the wrong side of the road with drinking involved, pleaded guilty and was fined \$25 and costs.

Presbyterian, United Presby Approve Merger

PHILADELPHIA, Feb. 9 (AP)—The Presbyterian Church in the U. S. A. announced today that the required majority of its presbyteries had approved a proposed merger with the United Presbyterian Church.

Each of the 161 presbyteries reporting has approved the plan. Voting will continue among the 81 presbyteries until the time of the 169th General Assembly of the church at Omaha, Neb. May 16-22.

But the result already has been assured and merger seems likely. In the Presbyterian Church in the U. S. A. a majority vote of presbyteries is required. In the United Presbyterian Church approval must be given by a majority of individual votes. About one-fourth of the presbyteries in the United Presbyterian Church have cast their votes with an overwhelming majority favorable.

A final approval is given the merger, the two churches will become the United Presbyterian Church in the United States of America with a combined membership of 3,000,000.

Greek Cypriots Begin 24-Hour Full Strike

NICOSIA, Cyprus (AP)—Greek Cypriots in the southern Cyprus city of Limasol began a 24-hour general strike today in an attempt to demonstrate that Cypriots will not accept Britain's proposed new constitution. The proposal offers the island limited self-rule.

The strike was called by the political arm of EOKA, the Greek Cypriot movement demanding union of Cyprus and Greece.

Greek Cypriot leaders have denounced the constitution offered by Britain because it contains no provision for eventual self-determination.

A similar strike was called at Larnaca on the southeast coast but it met with only half-hearted response.

Will Present Old Wedding Gowns Exhibit

Mrs. Ben Page of Kansas City will present the program Monday at Sorosis at which time she will have an impressive array of wedding gowns, some which date back to the early years of Missouri, from the costume wing of the Kansas City Museum. She is a founding trustee of the Kansas City Museum Association and the costume wing has been named for her.

Mrs. Page is a D. A. R. and is best known in that organization as the enthusiastic chairman of the Arrow Rock Tavern, although she has served her chapter as second vice-regent and program chairman, and is a member of the State D. A. R. speakers bureau. She is also a Daughter of the American Colonists; has served as president of the Kansas City PTA, and is a member of the National Board of Girls Clubs of America.

The collection of wedding gowns will be modeled by the new members of Sorosis. This is the new member program, with Miss Marian Phipps new member chairman. Other members of the club will also need to help out as models as the women must be selected to fit the gown.

Mrs. W. B. Rich, art and drama chairman, has arranged the interesting style show of "One Hundred Years of Wedding Gowns" and for the speaker. Mrs. Page has been to Sorosis before delighting her audiences with historical gowns.

The luncheon honoring Mrs. Page will be at 12 o'clock instead of the usual hour of 12:30.

Food Firm to Use Papers As Major Medium in 1957

Newspapers will be the major media of Beatrice Foods Co. in its nationwide 1957 advertising program due to start on March 1, it is announced by Roy Rickshaw, director of sales and advertising, in Chicago.

The total number of advertisements in newspapers will be the largest in the firm's history, covering all areas where the company's Meadow Gold products are sold. Advertisements will appear in approximately 240 newspapers in more than 200 cities.

Full page and one-third page advertisements in four colors will be used, as well as two-color and black and white ads. Each will be keyed to the local level to feature individual Meadow Gold dairy products.

Regains Regularity
Kellogg's All-Bran has helped millions overcome constipation due to lack of bulk. Mrs. D. Heer, Winslow, Ill., writes: "For 2 years I had a serious constipation problem. Since eating All-Bran every morning, I needn't worry." All-Bran is effective because it restores to your diet the natural laxative bulk you need daily to avoid irregularity. Try it for 10 days. Enjoy its old-time bran muffin flavor. And see if it doesn't put you back on schedule. Must satisfy you fully or return empty carton and get twice what you paid.

Must Be Easier Way

SACRAMENTO, Calif. (AP)—There must be an easier way to make up a \$1 shortage than to require a special act of the Legislature, says the State Board of Control.

The shortage is in the hobby sales fund at the state prison. "Maybe they can pass the hat or perhaps the superintendent could go without his lunch," said John M. Peirce, state finance director and board chairman.

All such claims okayed by the board must be approved by the Legislature.

Driver Responsibility...

An old saying has it that a successful business cannot be operated on a sentimental basis.

Legislative business, however, seems to be a different matter. A proposal to abandon the Executive mansion in Jefferson City as inadequate for occupancy of Missouri's governors has already stirred up some tear-jerking protests based on sentimental yearnings. We agree the old relic can be renovated for use as a museum of sorts, but not as a dwelling for our chief executives.

Legislators may yet go sentimental on retention of the Mansion as a dwelling place. Their predilection to go emotional on legislation was recently demonstrated over a bill which would have eliminated open range for livestock in Missouri despite the fact that animals roaming at large in this motorized age are a hazard to life of human beings as well as animals. The bill is destined to be scuttled after a group of southern Missourians made a pilgrimage to the capital and pleaded abolition of open range would wreck their livelihood. One legislator openly declared he was so moved by the pleading of their plight he was swayed to press the legislation no farther.

This sentimental decision may set a precedent in handling of other bills before they run the gamut of both houses, such as the one passed by the Senate to raise the compulsory school attendance age from 14 to 16.

Another bill involving 16-year-olds which may hit the sentimental skids is House Bill No. 173 introduced by Rep. Robert Ellis Young, Jasper county. It provides that 16-year-olds violating state traffic laws or municipal traffic ordinances must answer in Magistrate or Municipal courts for such offenses.

This bill, according to Rep. Young, is based on the thesis that any person licensed to drive a motor vehicle ought to be responsible for his actions; that traffic offenses by 16-year-olds can be

handled more expeditiously in these courts than in Juvenile courts; that delay or inaction in the disposition of traffic violations by this age group creates disrespect for the law and has an unhealthy effect on youthful attitudes; that jurisdiction over traffic offenses should no longer be considered the province of juvenile courts because the latter have a great enough problem in the critical field of juvenile delinquency.

Only by taking traffic offenses out of juvenile court can the "delinquency" tag be effectively separated from traffic violations by 16-year-olds.

Instead of having less we ought to have more legal restraints for those granted the privilege of driving on highways what has become a lethal weapon taking 40,000 American lives a year.

Those who demand and accept the automobile driving privilege, whether they be 16 years old or 75 years old, ought to be held accountable for their actions in open court. In this category, sentimentality over age has no legitimate excuse for existence any more than it has in a law enacted in New York, effective in 1958, which extends the protection shield of secrecy over youthful offenders up to their 21st birthday. That is a typical case of drifting too far into inconsistency by broadening the area of secrecy to cover those who would be given the voting franchise but held unaccountable in public for law violations.

In matters pertaining to juvenile delinquency up to 18 years of age, protection by secrecy from public exposure has some merit in the category of crime commission.

We don't think this reasoning obtains in violations of traffic laws.

Sixteen-year-olds should be held accountable for their driving behavior on our highways.

The Jasper county representative's bill should have firm appraisal by our legislature without interference of maudlin sentimentality.

The Washington Merry-Go-Round

Handling King And His Retinue

By DREW PEARSON

WASHINGTON—The State Department has had its problems in handling King Saud and his retinue. Some of the problems, such as the refusal of Mayor Robert Wagner of New York to greet the King, have been widely publicized. Most of them haven't.

One problem, for instance, is purely budgetary. The State Department is restricted by Congress in the amount of money it can spend on entertaining foreign notables, and therefore has set a rule that chiefs of state cannot bring along more than 10 retainers. This was stretched to include 15 aides for President Sukarno of Indonesia, but the State Department's budget will not stretch to the point of King Saud's retinue of 70.

Therefore the Saudi embassy, with an assist from the Arabian-American Oil Company, is picking up the check for the balance.

Saudi Arabia, not the United States, also paid for the King and his retinue's passage on the USS Constitution. When the King leaves, he will go by way of Europe and will be flown by a U.S. plane, though not the Columbine.

Twenty of the King's party are at Blair House, paid by the government, and the rest at the Shoreham Hotel, paid by Aramco. The housekeeper at Blair House was only ready for a three-day visit by his majesty and has really been sweating since Saud decided to spend his entire 10 days in Washington. Ten days, incidentally, is the unofficial limit on time a chief of state is supposed to remain at government expense.

The King's change of plans also caused a sweat at the State Department. Originally, it was planned to take him on a tour of American factories and farms to impress him with modern America. But he said no. He was very positive on this point, said his two sons could make the inspection trip, that he would relax in a nearby palace. Hastily the State Department arranged for him to stay at the Greenbrier, White Sulphur Springs, W.Va. Then he changed his mind a second time and decided to remain in Washington. Blair House, across from the White House, was quite good enough.

Pound of Bison, Please

Some housewives may be serving bison steak for dinner some of these nights when Papa comes home. The Department of Agriculture recently reported that a carload of American bison was sold at the Sioux City, Iowa, livestock market in normal trade.

The carload, mostly heifers weighing about 850 pounds each sold for \$11.50 a hundred weight. The shipment came from Montana and the bison were sold to a country account "where they would be fattened and then sold to the retail market." There were sixteen bison in the carload and that is a lot of steaks.

A bison is a cow and a cow is a steak and a steak is to be eaten. How many steaks sixteen bison cows will make after they are fattened is a question and which market they will land in is another but they will no doubt be very choice when they reach some family table.

Comedy Stars Face Threat of New Ruling By Government on Personal Corporations

CAESAR CORPORATION CONFERENCE: In his private office, Sid Caesar goes over a forthcoming show with Janet Blair (foreground) and (background, left to right) his brother, Dave; Shirl Conway, Howie Morris (partly hidden) and Pat Carroll.

By DICK KLEINER
NEA Staff Correspondent

NEW YORK — (NEA) — You walk into the office that says "Jackie Gleason Enterprises Inc." on the door. It's a handsome, business-like reception room with a blonde, business-like receptionist.

It's like the offices of the biggest companies in New York — thick carpets, thin secretaries, expensive furnishings. And it is one of the biggest companies. Funny business is big business, especially in the high-priced era of TV. Jackie Gleason Enterprises, Inc. is only one of five concerns that Gleason owns. He is the majority stockholder in Enterprises — around the Gleason office, they call it "the parent company" — and Enterprises in turn owns two other companies while Gleason personally owns two more.

Sid Caesar has two corporations. Steve Allen has three. Other comedians, singers and producers also are incorporated, but Gleason, Caesar and Allen are the Big Three of the comedians. They're sort of a General Motors, Chrysler and Ford with gag writers instead of engineers.

Generally speaking, stars form personal corporations to get in under the 52 per cent corporate tax rate, a considerable saving over the 90-and-over bracket they would be in, figuring their take at strict income tax percentages.

This whole gorgeous balloon may burst, however, under a new ruling by the Treasury Department. The government has recently said that personal corporations — such as Gleason's, Allen's and Caesar's — are invalid and all income would be taxed at the 75-85 per cent rate of a personal holding company. To make matters worse, this ruling would be retroactive to 1954.

But until the courts and further governmental action determine the future of the personal corporation, the companies continue operating in their great big way.

Steve Allen's three concerns have a total of more than 100 employees. His weekly payroll is more than \$75,000.

The three are Bristad Enterprises, Inc., which produces the "Tonight" show; Bellmeadows Enterprises, Inc., which produces Allen's Sunday night program; and Rosemeadow Publications, Inc., a music publishing firm.

The names, like most of the corporate names in this field, are taken from family connections. Bristad stands for Allen's three sons, Brian, Steven and David; Bellmeadows and Rosemeadows are taken from his mother, Belle Montrose, and his wife, Jayne Meadows.

Each of the corporations is set up separately, with Allen the majority stockholder. The Gleason set-up is more complicated.

Jackie Gleason Enterprises Inc.

which produces his TV programs, owns Songsmiths, Inc., an ASCAP music publishing firm, and a new concern called Production of Audible Literature, Inc. This last is involved in one of Jackie's pet projects, the recording of great books. They're making a 20-record album of "Tale of Two Cities" as a starter. The name of the concern, whose initials are PAL, comes from Jackie's favorite expression, "Pal."

Jackie also personally owns two other corporations, Jaglea Music Corp., a BMI affiliate, and VIP Corp., which licenses the merchandising of products with Gleason's name. Currently, they license such items as comic books, shirts, games and toys.

The gross income of these corporations is well in the millions. Gleason's contract with CBS is an \$11,000,000 document, and Enterprises produces the show from that.

Each week Enterprises gets a check from CBS. In turn, they put on the show. The company pays for all "over the line" expenditures — the cast, musicians, writers, all artistic material. The network pays for "under the line" items — technical help, sets, costumes. Gleason draws a salary from Enterprises, in addition to the majority stockholder's share of the profits.

Sid Caesar has a similar deal. His company, Shellrick, Inc., pro-

duces his Saturday night NBC show. The name of his outfit comes from his children—it started out as Shellrick, from Shelley and Richard, and, when Karen came along, he added the capital K at the end.

Shellrick also owns Flo Music, Inc., a music publishing firm. (Flo is Sid's wife.) The two concerns have 75 people on the payroll, with two floors and a penthouse in an office building just off Fifth Avenue. The Shellrick office is unique in that it is completely self-contained — everything from a crammed and cluttered room for his seven writers to a fully-equipped rehearsal hall. The whole show is conceived, written, orchestrated, rehearsed in the Shellrick office.

The stars themselves generally have little to do with the involved financial matters. Gleason, who for several years drew a salary as an officer of his parent concern, complained that he had to sign too many papers and voted himself out of office. All three employ full-time lawyers, accountants, executive secretaries. All have lavish private offices.

February 14th

Now February 14th means

The males, if they are smart,
Will give to their own little queens
A gift that speaks their heart;
If she is six or eight or ten,
A paper heart will do,
Those sugary verses she'll love then,
But not at twenty-two;
Till she is 12 or more, I guess,
There's just one place to shop
Where for a nickel, maybe less,
He buys a lollipop;
Corsages for the teen-age lass,
Or a record that will scream
That she's a girl with lots of class,
The answer to his dream;
The next age, 'till a girl is wed
Can be most anything,
Flowers or candy or instead,
Perhaps, a diamond ring;
The first few years the gifts may be,
Now that she is a bride,
Just whatever that he might see,
She will be satisfied;
But as the years go drifting by
And he lives with her longer,
It seems, he doesn't know just why,
His sentiment gets stronger;
And he goes back to other days,
To choose her Valentine,
He wants to send her big bouquets
That tell her: "You're still mine";
Or candy, matters not a bit.
That she is nice and round,
And worries that her clothes don't fit,
He doesn't care a pound;
A heart-shaped box of candy — well —
Away now goes her diet,
A Valentine his love to tell —
She is glad he thought to buy it.

WASHINGTON—They're touchy these Congressmen. And Agriculture Secretary Ezra Benson is the latest member of the Eisenhower Cabinet to demonstrate the well known.

Last week the House Agriculture Committee okayed drought relief legislation after hearing the approving testimony of Kenneth Scott, a spokesman from Benson's Department.

Turned out, though, that Benson's boys had forgotten to check with the White House. President Eisenhower, who toured drought-stricken areas recently, hasn't worked up his bills on this subject. So some one in the Executive Department suggested that Benson should hold back until Ike has his legislation ready.

Benson thereupon called Rep. Joe Martin (R-Mass.), minority leader in the House, and requested him to block action on the bills unanimously approved by the Agriculture Committee. Benson did not contact any members of the Committee.

That was a tactical mistake. Republicans and Democrats protested the slight. Action on the legislation was delayed, but largely because Joe Martin is popular on both sides of the aisle.

The Senate puts a premium on courtesy. It's my "honorable and distinguished colleague" no matter what the real thought. But the gentlemen can make their points.

The other day, for example, Senator Edward Thyne (R-Minn.) asked his distinguished colleague Senator Joe O'Mahoney (D-Wyo.) to yield in theory a Senator can yield only for a question. But theory often is violated. Thyne promptly began offering various items for insertion in the Congressional Record.

O'Mahoney finally lost patience. He wanted the gallery to know, he said, that his courtesy to Thyne would merely deprive him of his audience. Oh, no, said Thyne, he would stay on to hear the astute remarks of his dear friend, O'Mahoney.

But Thyne left less than a minute

after he finished his business. O'Mahoney was still talking.

Attorney General Herbert Brownell and Mrs. Eleanor Roosevelt are close on the civil rights issue.

Brownell stressed the importance of protecting the right to vote when testifying before a House Judiciary subcommittee on the Administration civil rights program. That's just what Mrs. Roosevelt stressed when she discussed the Democratic party's civil rights position at the convention in Chicago.

The Senate Internal Security Subcommittee has embarked on a fascinating investigation: what happened to German dollar bonds seized by the Russians in Berlin at the end of World War II?

Richard Abrey, of New York, was the first witness. He left Poland after the German occupation on a Honduran diplomatic passport and arrived here, he said, with 245 debentures of the United Steel Works (a German concern).

Abrey said he bought the bonds in Poland. He said he made no real effort to sell them until well after the war. During the war he passed up two opportunities to report these holdings, which information was required on official forms he filled out. A German, who was an official in occupied Poland, said no report permit for the bonds was applied for. Abrey said an official of the Polish bank with which he did business told him an export permit had been granted.

More recently Abrey went before the German-American Joint Validation Board. It refused to validate the bonds. The Senators want to know if Abrey did indeed have those bonds with him on his arrival in 1940, as he says he did, or whether they were acquired in some fashion after the war.

Abrey admitted knowing a Stanley Stanely, who was an associate of the late financial manipulator, Serge Rubinstein. Abrey said he knew Stanley in Poland, under another name, and that he did no business with him here.

The Senators also are curious about some of the transactions of the late Rubinstein, whose sensational and as yet unsolved murder made headlines throughout the nation in 1955.

Your Child's Health

Heart Murmurs Need Not Cripple Child These Days

By EDWIN P. JORDAN, M.D.

A mother writes that her doctor says her child has a slight murmur of the heart, but that it "could disappear at any time."

I presume the doctor used the term "slight" in order not to alarm the mother. Actually, the loudness of the murmur is of much less importance than what has caused the murmur and where it is located.

Our understanding of heart murmurs is much more accurate than it was a generation ago. Then it was all too common to put a child to bed for weeks or months when any kind of a murmur was heard. The idea was that rest was bene-

ficial. This resulted in making unnecessary invalids out of some children.

The important thing about a heart murmur is to find the cause, where it is located, whether it is progressing and like matters.

In some children, for example, the growth of the heart and the valves inside the heart do not keep pace with each other, so that the valves allow a small amount of blood to slip back. This causes a murmur to be heard over the region of the valve.

This kind of murmur is not due to disease and tends to disappear as the youngster grows older. It is generally called a "functional" murmur.

But heart murmurs can be serious. Among these are the ones which result from abnormality of the heart valves present at birth or those caused by disease.

The valve deformities present at birth are fairly rare and can usually be discovered quite early. The term used here is congenital heart disease. Some cases can be corrected by surgery.

Most of the valve troubles which cause murmurs in youth are caused by rheumatic fever. Even these, however, can be so mild that nothing serious ever develops.

Rheumatic fever injures the heart valves by causing growths on the lips or cusps of the valves so that they cannot close completely.

If the damage to the heart valves has been severe, the murmur may mean that physical activity has to be curtailed. However, in many cases the growths are small and not active. Even though they have produced enough damage to cause a murmur to be heard, the heart is able to do its job without trouble.

An accurate diagnosis of cause and degree of damage must be made. The mere presence of a murmur in the heart is not enough. Nor does it always mean that ordinary exercise has to be eliminated, or that there will be any serious interference with life or health.

Certainly parents should avoid any feeling of panic merely because a child has been found to have a heart murmur.

Narcotics Bill Passes Texas State Senate

AUSTIN, Tex. (AP)—A narcotics bill providing for tougher penalties than the federal law has passed its first test in the Texas state senate.

The bill, requiring a minimum 20 years to life imprisonment for anyone who sells or gives away narcotics in violation of the law, was passed by the senate jurisprudence committee. A second conviction provides for life imprisonment or the electric chair. The minimum imprisonment for narcotics violations under federal law is five years.

To Sponsor Big Seaside Amusement

HOLLYWOOD — Announcement that CBS is joining with the Santa Anita race track interests in a huge seaside amusement park caused a stir in trade circles this week.

The two concerns have disclosed plans to spend 10 million dollars on an "Oceanic Wonderland" to open in early summer of next year on the old Ocean Park pier in Santa Monica. It will be 30 acres designed in the marine theme for the fun and frolic of children and adults.

There's a precedent for the CBS move. ABC is one of the major backers of Disneyland, the Anaheim, Calif., pleasure spot which the Oceanic Wonderland is obviously copied after.

This is one of several recent CBS ventures that appear to be removed from the usual field of radio-TV broadcasting. A few weeks ago, the network plunked down a million and a half dollars for an 8 1/2 per cent interest in Mike Todd's "Around the World in 80 Days." CBS also invested heavily in the Broadway smash "My Fair Lady."

CBS prexy Frank Stanton was in town recently for a party honoring the network's new TV boss, Merle Jones. I asked Stanton for the reasoning behind the investments.

"It's not diversification in the usual sense," he explained. "We're not going into white goods or other unrelated fields, as some corporations do."

"Everything we get into relates in some way to broadcasting. We got into 'My Fair Lady' and we have invested in other Broadway shows for the phonograph record rights and for the eventual televising of the productions. It is conceivable that we would put 'My Fair Lady' on TV before it is made into a picture."

"Likewise, we got into '80 Days' because of aspects of the show that could be used on TV. And our Ocean Park development will provide the site where TV and radio programs originate."

Dr. Stanton said that CBS has pulled out of the TV set retailing field, but is firmly entrenched in electronic manufacturing.

He summed up the network's attitude toward investment: "In these days, you can't stick only to one field. There are too many variables in the television industry — the possibility of government interference, changing public tastes, electronic revolutions. You've got to spread your dollar around."

Tourney Title To Stratojets

Whiteman Subdues Hamms 107-95; Fayette Nabs Third

Whiteman Air Force Base climaxed its devastating basketball campaign in this area Saturday night when the Stratojets banged in a 104-95 victory over Sedalia Hamms to cap the Sedalia Lions independent basketball tournament championship.

Nathan Moore led the Stratojets' flight to the title with a 33-point performance, followed by teammate Coffin with 20 tallies. Heading up the Hamms scoring were Bob Decker who dumped in 23 counters, and John Lennox with 18.

Ken Buchholz, chairman of the Lions basketball tournament committee, presented the trophies.

FAYETTE THIRD
The Sedalia Lions Club tournament drew its largest crowd since it resumed the annual Independent Basketball Tournament, Saturday night when Horace Mann gym was packed along the sidelines and on the stage to see the final games of the 1957 sports event.

In the first game of the evening, the Fayette Lions nosed out the Sedalia Budweisers, 65-64, in a game for third place honors. It was a point-for-point game from the very start and up to the final seconds of play.

Fayette took the opening quarter lead 12-10 then in the second quarter Budweiser came back to score 16-14, and knotted up the halftime period at 26-26. Budweiser started a rally which netted them 28 points to the Lions' 20 in the third quarter, but the final stanza saw the Lions battling all the way to collect 19 to 10 points and grab off the victory.

With two minutes to play it was Budweiser 61-59 and in those last few minutes the Lions poured on the heat and finished off victory. The score stood at 65-62 just as "Bones" Morgan let fly a long shot which dropped through the net for the 65-64 win as game-ending horn sounded.

Bill Holst of Budweiser led the scoring with 12 goals and a free throw for 25 points, while Bones Morgan hit 8-2 for 18 points. For the victorious Lions, Stone netted 10-2 for 22 points, and Rohrer seven baskets for 14 points.

FRIDAY NIGHT GAMES
The game of the evening Friday in the semi-finals was that between the Whiteman Air Force Base and Sedalia Budweiser won by Whiteman after trailing the first three quarters. It ended with the Air Base quiet scoring a one-point victory of 78-77.

Budweiser enjoyed a lead from the first quarter until after the first four minutes of the final stanza when the game was knotted up 65-65. From then on it was nip and tuck, but the Whiteman group kept at least a one-point edge until the game ended.

The first quarter saw the Sedalians winning by one-point 21-20. In the second quarter it was 24-16 Budweiser, with the locals having a nine point lead at the half time. In the third quarter Whiteman picked up four of the points they were behind scoring 25-19. In the final quarter they outscored the Sedalians 17-13 to win.

The victory moved the Air Base into the finals.
Bill Holst led the scoring attack with eight goals and 12 free throws for a total 28 points for Budweiser followed by Hughes with 8-2 for 18 points. On the Air Base side Nathan Moore continued his consistent shooting scoring eight and six for 22 points followed by Lewis with 8-3 for 19 points.

In the second game of the evening Sedalia Hamms continued their over 100-point scoring and went out to beat the Fayette Lions 115 to 93. The Lions were never able to get within more than eight points of the Hamms' aggregation and that was in the third quarter.

The first quarter was a walk-off with Hamms' scoring 32 to 16 points, then 22 to 20 in the second for a half period lead of 54-36. In the third quarter it was the only one in which the quarter scoring went to Fayette and it was 26-22, while the fourth reversed back to Hamms' 39-31.

Everybody scored on Hamms with Lenox leading with 8-6 for 22 points with Giger accounting for 7-4 for 18 points while Scribner, Homan and Sally all scored 16 points each. For Fayette Hansen led with 8-7 for 23 points followed by Rohrer with 9-2 for 20 points.

This put the Hamms' Beer team

in the finals to meet the Whiteman Air Force Base.

Moore and Giger are repeaters from the 1956 All-Star Team.

Tournament referees and official scorekeepers made the selections.

'Terrang' Dashes To San Antonio Handicap Victory
ARCADIA, Calif., Feb. 9.—Terrang, an expensive castoff of the fabulous Rex Ellsworth stable, ran to a smashing victory in the \$87,800 San Antonio handicap today and left the experts hanging in midair in speculating on the \$100,000 Santa Anita handicap two weeks hence.

Terrang, the 1956 winner of the rich Santa Anita Derby and sold just recently by Ellsworth to the Poltex Stable, ran off with the San Antonio by more than five and three quarter lengths, leaving the highly favored Mister Gus and the Argentine sensation, Holandes II, to finish far out of the money.

And Terrang, ridden by Milo Valenzuela, set a new track record for the mile and one eighth with a time of 1:47 2-5.

The ever consistent Honey Alibi was second, marking the 15th straight race he has finished in the money, and Social Climber, the less illustrious member of the Liangolien Stable, took down third.

Baseball Writers Group Nationally
COLUMBUS, Ohio, Feb. 9.—George M. Trautman, president of the National Assn. of Professional Baseball Writers (minors), announced today that a National Assn. of Baseball Writers had been organized.

Trautman emphasized that the new organization would not conflict with the long-established baseball writers of America operating strictly in major league cities. However, major league writers will be eligible for membership in the National Assn.

"There has been a need for such an organization for a long time," he said. "Membership cards will be issued from this office. At the annual meeting in Colorado Springs this December we will hold an election of officers and get a program into effect for the following season."

Lou Boudreau, manager of the Kansas City Athletics, has been averaging 105 in bowling at Harvey, Ill., where he lives.

Charles McCaffrey, Michigan State swimming coach for 16 years, has coached the Spartans to 13 championships.

Quarterback Mike Brown of Dartmouth set a school record during 1956 when he scored 10 touchdowns.

Just before the 1957 indoor track season opened, Jim Beatty set a North Carolina record by running three quarters of a mile in 2:06.4.

Smith-Cotton Tops Kewpies in C. M. C.

Tigers Win 53-52 Tilt On Friday Locals Wipe Out Halftime Deficit To Capture Win

Smith-Cotton's fighting Tigers came battling from behind in the second half of play Friday night to trim Columbia's Kewpies by a free throw margin, 53-52, in a Central Missouri Conference game on the local court. Columbia had won an earlier meeting with the Tigers, 67-52, at Columbia.

The Bengals lost their stride in the opening minutes of the game, trailing 17-16 at the first quarter and reeling further behind in the second period, 13-9, to stand with a 30-25 deficit at the halftime.

The locals were a livelier bunch in the third quarter, however, when they pounced on the Kewpies for a 20-9 margin to regain the lead at the three-quarter mark, 45-39. Columbia rallied in the final stanza but was stopped within a single point of the Sedalians in a 13-9 Kewpie quarter.

Paving the way for Smith-Cotton were Bob Spraggins and Charles Newman. Spraggins poured in a total of 17 points for the Tigers, while Newman ran in hot pursuit with 16 tallies. Cox of Columbia was high for the evening with 18 counters.

Both teams had 19 field goals apiece, but Smith-Cotton accounted one more free throw than the Kewpies, 15-14, the lone point needed for victory.

K.C. Dog Shows Draw Entries From Over U.S.

The weekend of Feb. 23-24 will see some of the nation's top pure-bred dogs assembled in Kansas City for seven important dog shows — Boxer, Cocker Spaniel, Collie, Doberman Pinscher, Dachshund and obedience specialties on Saturday and the big Heart of America all breed show on Sunday.

The all breed event, the Midwest's largest one-day indoor show, is expected to attract in excess of 1,900 dogs, representing over 85 different breeds. Both conformation judging and obedience trials will be held in the Arena and Exhibition Hall of Kansas City's spacious Municipal Auditorium. Cash and trophy awards exceeding \$5,000 will be presented during the course of the show. Outstanding dog authorities from every part of the nation will be brought in to judge entries.

The competition is open to any pure-bred dogs registered with the American Kennel Club. Anyone wishing to show his dog must file an entry form before noon, Feb. 12. Entry blanks may be obtained by contacting the Heart of America Kennel Club, 519 Southwest Blvd., Kansas City, Mo., or show headquarters at Hotel Muehlebach in Kansas City. Show superintendent is A. Wilson Bow.

Levy Williams, rookie from Xavier University with the Chicago Cardinals, reported to pre-season camp weighing 274 pounds.

Heavy Advance Sales Promise Throng to K.C. Gloves Event

Widespread interest in the 22nd Annual Golden Gloves Tournament of Champions, Feb. 13, 14 and 16 in the Municipal Auditorium at Kansas City is reflected in a heavy advance ticket sale. Support for sectional champions to appear here is indicated by mail order reservations from the Joplin, Springfield, St. Joseph, Chillicothe and St. Louis areas.

Tournament officials, representing Teamster's Joint Council, No. 56, said mounting ring enthusiasm means title fights waged on Saturday night, Feb. 16, may be before a capacity fight throng.

Critics here are sure the strongest boxing lineup ever will fight through the Kansas City tournament and contend later for national team honors in Chicago.

Finals of the Chicago Stadium will be at the Stadium on March 6. A nation wide telecast of the championship program there has been announced.

Kansas City open and novice champions are to be Chicago visitors. The novices will attend the quarter finals in the Stadium on Feb. 27 as guests of Teamster's Joint Council, No. 56.

St. Louis and Kansas City are entered here with powerful ring lineups. A total of 20 St. Louis boxers, uncovered in eliminations conducted there by the Greater St. Louis Coaches' Association, will represent the East Missouri Metropolitan. Kansas City's American Youth Clubs will have a total of 25 open division fighters in battles.

U.S. Bobsled Second to Swiss In World Meet

ST. MORITZ, Switzerland, Feb. 9.—Arthur Tyler, 41-year-old American physicist, shot his number 1 U.S.A. sled down the classic St. Moritz course in the four world bobsled championship today in 1:17.85, the fastest time of any of the 15 competitors, but a warm sun slowed him on his second descent and he lost the lead to Hans Zoller's Swiss No. 1.

A violent controversy immediately boiled up over the dangerous condition of the course.

Tyler, from Rochester, N. Y., was timed in 1:20.02 on his second run for a total of 2:37.87. Zoller made his two runs in 1:18.09 and 1:18.38 for 2:36.47. This put him first, with two more runs to be made tomorrow.

Tyler held second place by a scant margin over Italy's No. 1 which did 1:19.20, 1:18.70-2:37.90.

Myers Seeks Title Defense Against Orton

Tuesday's Wrestling Card In Sedalia Armory—8:15

MAIN EVENT

Sonny Myers, 226, St. Joseph, Mo., vs. Bob Orton, 245, Kansas City, Kan. Best two out of three falls, or a 60 minute time limit. (For the Missouri state heavy-weight championship).

SEMI-WINDUP

"The Night Terror" (a masked wrestler) vs. Larry (Elvis Presley) Hamilton, 232, St. Joseph, Mo. Best two out of three falls, or a 45-minute time limit.

SPECIAL EVENT

Johann Koenig, 224, Sognon, Hungary, vs. Rip Hawk, 222, Toledo, Ohio. One fall, or a 30-minute time limit.

Popular Sonny Myers, hailed as the greatest aerial mat strategist of the decade, faces his toughest defense of the Missouri state heavy-weight championship since his ascension to the wrestling throne.

Charging into the Sedalia Armory ring Tuesday night will be ruthless Bob Orton, the Kansas mat giant, who will challenge Myers' continued reign as the king of the heavyweights.

Not since the feud involving Joe Dusek and Red McIntyre has such a rugged title contest loomed on the local ring horizon. There's a bitter rivalry also existing between Myers and Orton which dates back to the 1953 winter season.

Orton has amassed one of the top victory records among the nation's leading heavies this season. He grabbed the Southwestern states championship from Dory Detton in Amarillo last September. Now the big Kansas mat bully is determined to add the coveted Missouri title trophy to his list of conquests this season.

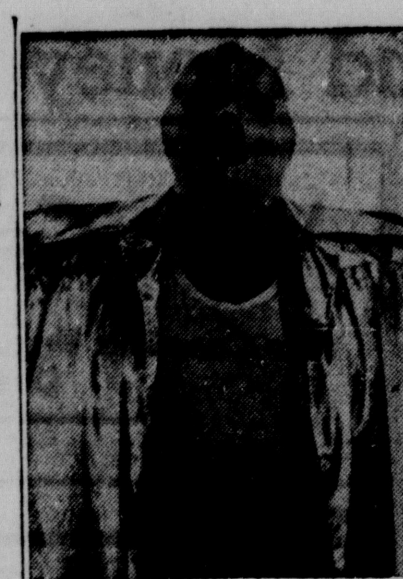

Orton will have all physical proportions running in his favor. He weighs 245 and towers at 6-4. But Myers has been on the short end of the "tale of the tape" before and this fact never seems to worry him too much.

Stalking into the Armory ring for the first time will be the latest masked wizard of wrestling—"The Night Terror."

The Terror has issued an open challenge to face all comers and he will keep his identity veiled under a full face mask during his ring appearances. If he's pinned in a deciding fall, then he must unmask.

Larry (Elvis Presley) Hamilton personally asked to be the first man to oppose the Terror in the Sedalia arena and the matchmaker gave Larry the nod. Hamilton is a powerhouse battler and he can greatly bolster his state-wide prestige if he forces the Terror to unmask in his very first match in the area. And Larry has the strength and wrestling know-how to flatten the 240-pound mystery man.

There's also sizzling action in store in the opening clash on Tuesday's star-studded card when Hungarian-born Johann Koenig locks horns with blond and bulky Rip Hawk of Toledo. Both Koenig and Hawk are trying to move up to the top contendership position in the title picture and they're sure to go all-out to gain this important victory.

MAN OF MYSTERY — The masked "Night Terror," a battling 240-pounder, makes his Sedalia Armory wrestling debut Tuesday night. The Terror wrestles under a full face mask which he will not remove until he loses a deciding fall in a match. His first rival will be Larry Hamilton and they'll square off in Tuesday's semi-windup.

Tuesday's matches will get under way at 8:15 with the Armory doors and box office opening at 7:15. Tickets are now on advance sale at the Pacific Cafe and Midway Shoe Repair shop.

Vic Power Inks '57 Pact With Athletics

KANSAS CITY, Feb. 9.—Vic Powers, infielder-outfielder for the Kansas City Athletics, today became the 24th player to come to terms with the American League team.

The A's announced that the 26-year-old slugger had agreed on his 1957 contract from his home in Puerto Rico, where he is playing winter ball.

With the Athletics last season, was out a good deal with a sprained ankle, but still managed to come up with a .309 batting average of 127 games.

Hubbard Captures 2 Games Varsity Wins 71-63, as 'B' Emerges 42-19

Hubbard High's Tigers, playing probably their busiest schedule locally this season, tacked up another basketball victim Friday night when they led the scoring in the first and last quarters for a 71-63 victory at Green Ridge. The Hubbard "B's" were equally successful with a 42-19 conquest over the hosts.

Sedalia's varsity contenders banged out a 19-13 first quarter advantage, but were held to a standstill in the second and third period, 17-17 and 21-21. The Tigers then plunged through to the win a 14-11 edge in the final frame.

H. Jones dominated Hubbard's scoring with a 21-point attack, while Edmundson topped Green Ridge with 19. Q. Jones of the Tigers and Kurtz of Green Ridge drummed up 16 apiece.

Samples and Mansfield officiated.

Hubbard's next basketball meeting will be at Hughesville Tuesday night.

TO A SUCCESSFUL MAN

STOPPED BY SALARY

RESTRICTIONS

By ordinary standards you are rated a success. Yet you know that in your present position you will never have the opportunity to show what you can really do and earn.

Today, due to expansion of business, we can offer you an opportunity to make a business connection with no restrictions on earning power. Our Company is nationally advertised and the largest organization of its kind in the world.

As our representative, you would be in business for yourself—but you would make no capital investment, carry no inventory, have no rent or payroll to meet.

The man chosen will be carefully selected and professionally appraised for strong sales potential. He will then be sent to our Sales Training School at our expense and will receive a salary through his training period. He will be thoroughly field trained upon his return. Our beginning salary for the right man is in excess of \$5,000 per year.

If you feel that you have practically reached the top in your present work and you honestly believe that your annual income should be much higher, write P.O. Box 67, Sedalia, Mo. for interview appointment. Please include full information about yourself. All replies will be confidential.

Precut Tiling Fits Fancy Flooring to Average Budget

By KAY SHERWOOD
NEA Staff Writer

Smooth-surfaced floor coverings add a sharp exclamation point of high-style effect to the home furnishing picture this year. The variety of designs is enough to make many a homemaker look for an excuse to budget a new floor for foyer, kitchen, bathroom, den or dining room.

The black-and-white magic possible with new, pre-cut vinyl tiles in both square and elliptical shapes is almost endless. At the last count, designers had worked out 200 possibilities for using the tiles.

The custom-motif effect desired is selected from pictures or displays and the pre-cut tiles are delivered, ready for installation.

The cost is reasonable, considering the fine quality of vinyl and the fact that this type of floor used to be strictly a custom order furnishing.

Decorative strips of black or white vinyl, with gold inserts of circles, diamonds or stars are also available at prices considerably lower than metal accent strips.

Bringing the elegant touch of gold to ready-made vinyl tiles are more new designs. Some have a tortoise-shell fleck of gold on black; others are plain gold in color.

Sun and stars are given a big play in patterns. Star-patterned linoleum, and sunburst effects on

enamel-surfaced flooring are both low in price and smartly styled.

Terrazzo effects on hard-surfaced floorings can be had at almost any price. Brick, stone and wood textures are reproduced with realism in vinyl for those who prefer the natural touch.

On the other hand, if it's color you're after, you can get "ready-made" combinations of almost any scheme you can dream up. Clear, bright reds, lavender, and tropical blue are among the new shades which are enjoying popularity.

Construction changes include smooth flooring backed with sponge rubber for greater resilience underfoot.

So varied is the selection, in fact, from the low-priced enamel-surfaced rugs to the highest-priced vinyls, my own inclination is to call for help in making a decision.

But the serious shopper will know in advance about how much she should spend, the dimensions of the room to be floored and how she'll integrate color and pattern with other furnishings.

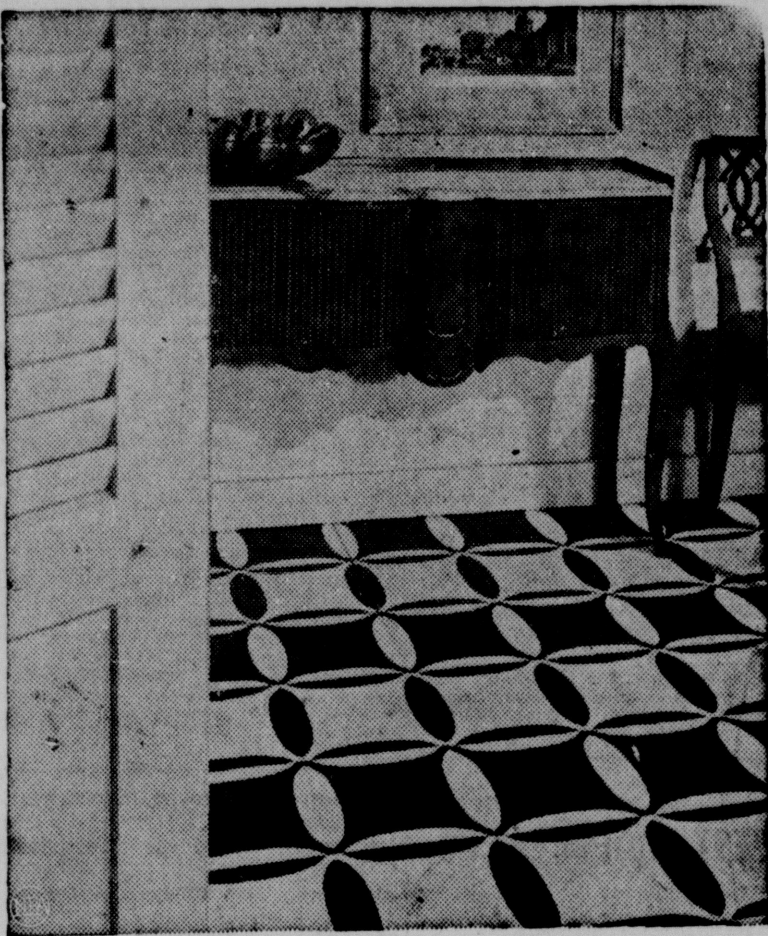

A boldly designed floor may be just what's needed to pep up the entry, for example, but it might be overpowering in the kitchen where she spends the major part of the day.

ONLY Sure Way To Lasting
PILE RELIEF!

Free Book
Tells How
...And Why

It doesn't matter what glowing promises palliative treatments may make! The only sure way to relief that really lasts, for piles and related rectal ailments, is through skilled professional care. How a world-famous clinic cares for its cases, and what the advantages are, is the subject of an important FREE book sponsored by Thornton Minor Hospital, one of the world's largest clinics devoted entirely to rectal-colonic and related practice. Write for your copy to Suite 276, Thornton Minor Hospital, 911 E. Linwood, Kansas City 9, Mo.

Dramatic black-and-white flooring of pre-cut vinyl tiles dramatizes foyer which features marble-topped Italian directoire tambour console and provincial chair. Upward of 200 designs can be achieved with use of the tiles, once considered a custom-order installation.

For Melita Nursery Club Bakes Cookies

Miss Opal O'Brian, county home agent, was guest speaker at the February meeting of Longwood Extension Club, which met at the home of Mrs. Raymond Hurt. Miss O'Brian spoke on the proper use of shrubs.

Mrs. Carl Raines gave the devotional and Mrs. Junior Hammond reported on the dramatic meeting she had attended. The president appointed a committee to select a play for the festival in March. Roll was answered by displaying a homemade Valentine, which was later taken to Melita Day Nursery with the cookies the club members had baked.

Mrs. Cloyd Leftwich led the club in a game and refreshments were served.

Mrs. Junior Hammond will be hostess in March.

ALL-IN-ONE INSURANCE POLICY!

COMPLETE PERSONAL
FARM PROPERTY PROTECTION
IN ONE BLANKET POLICY

FIRST TIME IN MISSOURI

Farmers of Missouri now for the first time have the opportunity to insure all their personal farm property under one insurance policy—at a low rate!

Plus they will have more protection against more perils than ever before in history! It will pay you to look into this outstanding new insurance protection today.

ACT RIGHT NOW

The only condition to this valuable protection policy whereby you can cover all personal property in just one policy is that you must carry at least a minimum policy of \$10,000 and that you must maintain insurance to the extent of at least 80 percent of the actual cash value of your farm personal property. This, of course, not only

guarantees you more protection but also reduces your financial loss in case of some accident involving personal property protection. It is available only to Farm Bureau members!

For full information right away on this wonderful new Farm Bureau complete package policy, see your local Farm Bureau Insurance advisor today.

Houstonia H&H Club Has Fish Fry at School

By Miss Mary E. Tevebaugh

HOUSTONIA — The H. and H. Club had a fish fry at the Houstonia High School Friday night. It was family night and a good crowd attended. A talk was made on Civil Defense by a representative from Whiteman Air Base. A boys quartette from Smith - Cotton High School sang several numbers which were enjoyed.

Miss Margaret Scott entertained the contract bridge club Thursday night. Guests were Mrs. G. H. Tevebaugh and Mrs. John Rissler.

Mr. and Mrs. Ramon Wicker and son Ramie returned Tuesday from Kansas City where Ramie had undergone an operation at Menorah Hospital.

Paula Owen, St. Louis, has been visiting her grandparents, Mr. and Mrs. Sidney Hoard.

The following attended the zone meeting at the First Methodist Church in Sedalia Wednesday: Mrs. Clinton Lowrey, Mrs. Earl Gregory, Mrs. Hall Walk, Mrs. George Geotz, Mrs. Jack Morris, Mrs. C. F. Wicker and Miss Mary E. Tevebaugh. Mrs. Gregory, vice president of the zone had charge of the program and Mrs. Lowrey, Mrs. Walk, Mrs. Morris and Mrs. Wicker were on the program.

Mrs. C. E. Rector is now at the home of Mr. and Mrs. Bill Tuck, Kansas City. She is recovering nicely.

Mr. and Mrs. Lewis Scott, formerly of Houstonia, but recently of Iowa Falls, Ia., are now living in Sedalia.

Dr. and Mrs. Frasier and Mrs. Eppie Fricke, Boonville, were the guests of Mr. and Mrs. Walter Fricke and Marcia and attended the H. and H. fish fry Friday night. Mrs. John Tignor and three children of Kansas City spent the weekend with Mr. and Mrs. J. E. Hand. Mrs. Hand returned to Kansas City with them.

Mr. and Mrs. Eugene Harris, Kansas City, Kan., spent Sunday with Mrs. Nathan Harris.

Mr. and Mrs. Hubert Stone and family, LaMonte spent Sunday with Mr. and Mrs. Lon Stone.

Would Need 80 Inches of Rain

The Sedalia Area Is Almost Year Behind in Precipitation

The Sedalia area is almost a year behind in precipitation. The yearly average is 40.87 based on a 25-year period. Sedalians received a total of 16.80 inches of moisture in 1956 which left a deficiency for the year of 24.07.

This amount added on to the deficiency accumulated over the last four years brings the total shortage up to 39.85 inches. It would have to rain about 80.72 inches in order to return to normal. On a monthly basis it would be almost seven inches of moisture needed.

Temperatures were not excessively high or low in 1956. It only

reached the 100 mark on five days and the highest of those five days was 102. August seemed to be the month with the most hot days. The thermometer registered 101 on three days and 23 days were in the 90 degree bracket.

It was a mild autumn in 1956 with the first frost coming on Nov. 8. The daytime temperatures stayed above the 60 mark with several days running into the 70s as late in the year as Nov. 15.

The lowest temperature in 1956 was on Dec. 18 when it dropped to 12 above zero.

Wettest month of the year was July with 5.88 inches of moisture.

May ranked second with 3.27 inches and third was August with 2.97 inches. The April showers totaled 2.79 inches for fourth.

Comparing 1956 to others, it was an extremely mild year. On previous years back to 1954 the temperatures went lower and higher. The year of 1954 was a record breaking year for heat with the thermometer reading as high as 116 and it stayed in the 100s for 29 days.

In February of 1955 the temperature dropped to a minus 4 degrees.

The daily highs, lows and precipitation figures for 1956 follow:

Mrs. Stanley A. Grimm

Miss Jane Morgan, Stanley Grimm United In Double Ring Ceremony

On February 1st at 7:30 in the evening, Miss Jane Morgan, daughter of Mrs. Quincy A. Morgan, 118 West Seventh, and the late Mr. Morgan, and Stanley A. Grimm, son of Rev. and Mrs. Victor H. Grimm of Farley, were united in marriage with the double ring ceremony at Trinity Lutheran Church, by the Rev. Victor H. Grimm, father of the bridegroom.

Tall white tapers in seven branch candelabra, and pink and white carnations, glads and snapdragons were used profusely in forming a background on each side of the altar. The church was softly lighted by candles.

Mrs. Elmer Fingland softly played on the organ "Romance" by Rubenstein and "Traumerei" by Schuman, preceding the wedding march, Mrs. Russell Estes, Smith-ton, sang "O Perfect Love" and "The Lord's Prayer."

Miss Martha Ann Young, Liberty, cousin of the bride, and Mrs. John R. Hays were the candle-lighters. They wore ballerina length dresses of lavender pink in taffeta and tulle, and wrist corsages of pink carnations.

The bride, given in marriage by her brother, Richard S. Morgan, wore a gown of white tulle over Point lace and nylon tulle over tulle with all-over embroidery of imported iridescent sequin clusters, the bodice was fashioned with long sleeves of lace, the scalloped edges of lace forming a bateau neckline high at the throat and curving into a low V at the back. The lavishly wide skirt, many tiers of ruffled tulle, featured a wide front and back panel of scalloped lace, cut to form a flaring peplum at each side. The bride's double illusion veil fell from a bandeau of hand-sewn lace leaves, outlined in seed pearls. She carried a white orchid on a white ribbon, with ribbon and flower shower-drops. The bride wore a diamond lavalier, which was a gift from her father to her mother at the time of their marriage.

The bride was attended by Mrs. Campbell Barnds of Overland Park, Kan., as matron of honor, and her bridesmaid was Miss Carolyn Bagley, Kirksville. Both attendants wore identical dresses of lace and taffeta in cameo pink. The street length lace sheaths

Miss Martha Newman Exchanges Vows With Lt. Arthur Volkema

The wedding of Miss Martha Newman and Lt. Arthur Volkema was solemnized at 2 o'clock Saturday afternoon, January 26, by the Rev. Warren Neal, pastor of the Broadway Presbyterian Church, in the chapel at Whiteman Air Force Base. A setting of palms and candelabra, with baskets of pink and white snapdragons, carnations and gladioli formed the background for the double ring ceremony. The aisle pews were decorated with white ribbons and bouquets of pink carnations.

Miss Newman is the daughter of Mr. and Mrs. A. W. Newman, 523

West Third, and the bridegroom's parents are Mr. and Mrs. Henry Volkema of Denver, Colo.

Mrs. C. C. DeLozier, organist, played the traditional wedding music and accompanied Donald Broadus as he sang "Always" and "The Lord's Prayer."

The bride wore a gown of white Italian Doupi silk designed with a fitted basque bodice and long tapering sleeves. The bateau type neckline, wide at the shoulders, curved into a shallow V at the center front. A hand-cut motif of Chantilly lace embroidered with French sequins was applied across the yoke. The floor-length skirt was gathered onto the elongated bodice with great fullness at the sides and back. The bride's headdress, a shaped bandeau of silk outlined with hand-cut Chantilly lace and trimmed with sequins and pearls, held her illusion of imported tulle. She carried a cascade of gardenias. Her only jewelry was a single strand of pearls, gift from the groom.

Mrs. Louis Hafer was the bride's only attendant. She wore a sheath dress of white cotton lace over pink silk. It was fashioned with a cummerbund of pink silk which formed a butterfly bustle and fell into a wide floating panel. Her headpiece was a half-bonnet of matching silk and she carried a cascade of pink carnations.

Lt. Ronald D. Stromberg of Enid, Okla., served as best man and ushers were Lt. Louis Hafer and Lt. Lloyd Brown of the Whiteman Air Force Base.

The mother of the bride chose a dress of dove grey silk with which she wore a flower hat in pink and a matching pink corsage. Mrs. Volkema, mother of the bridegroom wore a navy dress with matching accessories and her flowers were white carnations.

Mr. and Mrs. Newman entertained with a reception immediately following the ceremony at the Officers' Club. The bride's table, covered with white net over pink tulle and graced with ropes of smilax and white bows, was centered with a tiered wedding cake which was topped with wedding bells and flowers. A wreath of smilax and gardenias encircled the cake and lighted tapers were on either side.

Mrs. Tony Randall, Miss Jane Volkema, Miss Nancy Self, and Miss Beth Whitfield served. Miss Louise Koerper was in charge of the guest book.

For traveling the bride wore a black and brown silk tweed suit, black bandeau and black patent accessories. A corsage of white gardenias complemented her outfit.

Following a wedding trip to Colorado Springs and Denver, Colo., the newlyweds are at home at 1716 South Warren.

Out-of-town guests were: Mr. and Mrs. Henry Volkema, parents of the bridegroom, Mr. and Mrs. Fred Volkema, brother of the bridegroom, Miss Jane Volkema, sister of the bridegroom, all of Denver, Colo.; Jack Van Zytveld, Lansing, Ill.; Miss Frieda Newman, Kansas City; Mr. and Mrs. Elwood Long, Fayette; Mr. and Mrs. Joe Baier and family, Armstrong, and Mr. and Mrs. J. C. Eskew, Windsor.

Mr. and Mrs. Cletis Allen, Windsor, announce the engagement of their daughter, Donna, to Johnny Dhone, son of Mr. and Mrs. William A. Dhone, also of Windsor.

Miss Aldredge Is Honored At Bridal Shower

Miss Pat Aldredge, daughter of Mr. and Mrs. Kelly Aldredge, 1902 East Sixth, who was married Saturday to Bill Botcher, son of Mr. and Mrs. Clarence Botcher, was honored with a bridal shower given Feb. 2 by Miss Berlene Curtis, Miss Rosalie Moore and Miss Betty Schlobohm, at the Curtis home, 1516 South Missouri.

The color scheme of red and white was used. A typical wedding scene with story book dolls was on the white mantel with a background of candelabra holding white candles. At the miniature altar was the bride, the bridegroom, the minister, the maid of honor, the bridesmaid and the flower girl, which were also reflected in the mirror above the mantel. On top of the mirror were two red cupids with streamers which led to white wedding bells.

From the light fixture in the center of the living room was a circle from which were white satin ribbons each with something pertaining to the bride, the wedding ring on a satin pillow, her veil, her bouquet, her blue garter and other things.

In the dining room, suspended from the light above the dining room table, was a red silk umbrella filled with balloons, and over the umbrella was a sprinkler pouring out showers of streamers. On the buffet was a white tree covered with red hearts.

Games were played with the winners giving the bride the prizes they won. The bride was then told to break the balloons in the red umbrella and in each she found a number that corresponded to a gift. As she broke she balloon she found the gift and opened it.

Refreshments of ice cream and individual cakes iced in white with red hearts with arrows through them were served by the hostesses. Little cupids were on the nut cups.

Attending the party were Miss Aldredge, her mother, Mrs. Kelly Aldredge, the bridegroom's mother, Mrs. Clarence Botcher, Miss Nancy Botcher, Mrs. Bert Aldredge, Miss Eleanor Hilman, Miss Rosalie Moore, Mrs. Martin Lang, Mrs. Jimmy Green of Kansas City, Miss Ruby Nevils, Mrs. R. M. Stonner, Mrs. Frank McGinley, Mrs. Marie Christian, Mrs. P. K. Aldredge, Miss Betty Schlobohm, Mrs. Velma Curtis and Berlene Curtis.

Those who were unable to attend but sent gifts were: Jenny Ward, Marva Stonner, Judy Ragland, Karen Crosslin, Betty Calloway, Ardyth Dunham, Carol Means, and Arleen Hanning.

Mr. and Mrs. F. L. Ream, Route 4, announce the engagement and approaching marriage of their daughter, Madeline, to Jake Dillon, son of Mr. and Mrs. Clyde Dillon, LaMonte. The wedding will take place Feb. 15. (Lehmer photo)

Kolberg Tells About Norway To A. A. U. W.

The American Association of University Women met Monday evening, Feb. 4, at the home of Mrs. Sidney Wright, 821 South Barrett, Kristin Kolberg, American Field Service Student from Norway, took some 30 members on a rocking-chair tour of his native land, using as his subject "Norway — Its People and Its Customs". Colored slides of mountains, fiords, the midnight sun, and glaciers illustrated his talk. Following this phase, Kristin contrasted life in the United States with that in his native Norway as to education, religion, living standards, and social customs.

During the business meeting, over which Mrs. Thelma Cook, president, presided, the Association voted to go on record as favoring retirement for public school teachers and the full financing of the foundation program.

A white elephant sale was conducted by Miss Marian Keens. Proceeds of this will be used for the National Fellowship Fund contribution.

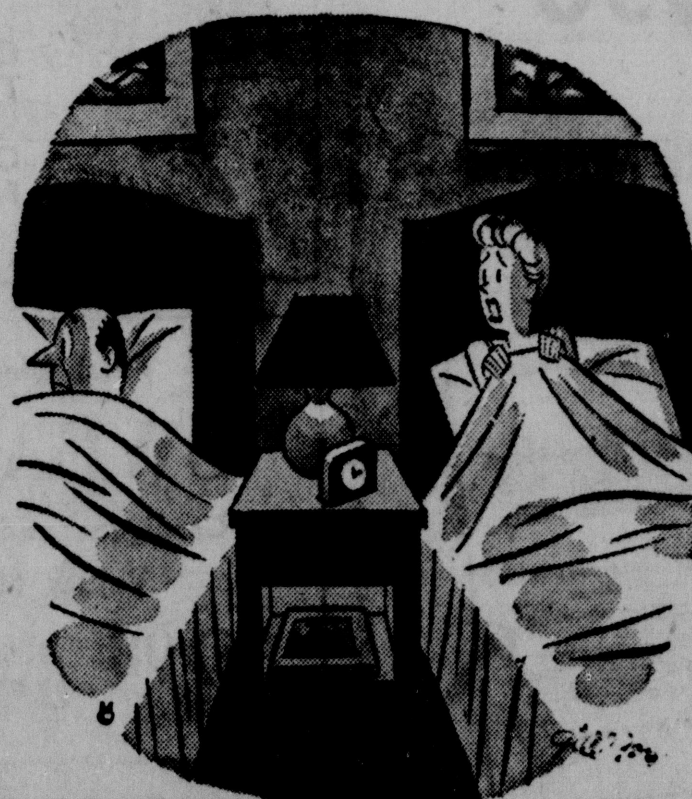

The next meeting will be at the home of Mrs. Virginia McNeil, 1123 West Seventh at 8 o'clock March 4. Hostesses for the meeting were Miss Mamie McCormick, Mrs. Loreta Bunn, Mrs. Alice Lemire, Mrs. Louise McKee, Mrs. Mildred McLaughlin, and Mrs. Virginia Stafford.

Well-chosen pictures give interest and personality to any room and more and more reproductions of fine paintings are being made available at reasonable prices.

Thought should be given to the frame for the picture also — so that it enhances the picture and also fits in with the decor of the room. The most important thing in buying a picture is that you like it. You have to live with it so please yourself first.

Mr. and Mrs. Homer E. Stoutimore, North Kansas City, formerly of Windsor, announce the engagement and approaching marriage of their daughter, Shelby, to Dean Allen, son of Mr. and Mrs. Cletis Allen, Windsor. The wedding will take place March 17 at the First Christian Church in Windsor.

It is the time of the year when we should start thinking about suits. We all of course know how important they are in our wardrobes. They can be worn so many places 'round the clock. Wool suits are being shown both in fitted and boxy styles. Feather-weight flannels mostly in pastel shades are good too. I think beige perhaps leads to parade in this category and of course it can be worn with black patent, navy blue or many other smart colors. Linen suits are really leading the parade this season, as far as fabrics go. They are being shown in all colors from palest pastel to black, navy and brown. Most of them are boxy of course and they are so very easy to wear. They are inexpensive yet most versatile in style. Some of them have a blouse either in stripe or print in matching colors — others have saddle stitching in white which makes a smart contrast. Do select a suit for spring and select it early so you can enjoy it.

Mrs. Donald William Heinen

Miss Sappington Becomes Bride Of D. Heinen

Miss Helen Dee Sappington, the daughter of Mr. and Mrs. Edward Sappington, California, became the bride of Donald William Heinen, son of Mr. and Mrs. Henry Heinen, California, at 10 o'clock yesterday morning at the Annunciation Catholic Church. The Rev. James Owen performed the double ring ceremony before a chancel setting of red gladioli and white chrysanthemums and on each side altar was an arrangement of jade foliage and white chrysanthemums.

Mrs. Gertrude Eckerle, organist, played the traditional wedding marches and accompanied Mrs. Bob Miller, Tipton, as she sang "On This Day, O Beautiful Mother," "Ave Maria," and "O Lord I Am Not Worthy."

Given in marriage by her father the bride wore an ankle length gown of embroidered net studded with pearls over bridal satin designed with a fitted bodice and short sleeves. She wore elbow length gloves of matching embroidered net and carried a Prayer Book arrangement of white carnations centered with red carnations and pearl hearts. Her illusion veil cascaded from a net coronet adorned with seed pearls and iridescent sequins. Her triple strand of pearls was a gift from the bridegroom.

The bride's only attendant, Mrs. Marvin Lehman, California, cousin of the groom, wore an ankle length gown of ice blue taffeta, with overskirt of ruffled net. Her tiara was of blue net and red carnations and she carried a nosegay of red carnations.

Jack Haldiman, cousin of the groom, served as best man. Ushers were Richard Chambers and Bill Imhoff, all of California.

Darlene Ann Vernon, daughter of Mr. and Mrs. Carlos Vernon, California, and cousin of the bride was flower girl. She wore a floor length dress of white nylon and a tiara of white net and red carnations. She carried a basket of red rose petals.

Dennis Edward Althoff, son of Mr. and Mrs. Leroy Althoff, California, and nephew of the bride, was ringbearer.

Both mothers wore navy blue dresses and pink carnation corsages.

Immediately following the ceremony a reception was held in the church hall. The bride's table was centered with a miniature bride and groom surrounded with nosegays of red carnations. The all white three tiered wedding cake was at one end of the table and the punch bowl at the other.

Mrs. Wilbur Winebrenner, Mrs. Leroy Althoff, and Mrs. Jack Haldiman, California; and Mrs. Leroy Roll, Jefferson City, served the cake and punch. Miss Jean Wegener, California, was in charge of the guest book. Mrs. Richard Chambers was in charge of the gifts.

When the couple left on a wedding trip of undisclosed destination the bride was wearing an off-white wool gabardine suit and red carnation corsage.

The bride is a graduate of California High School and is a stenographer at the Monticau County Welfare Office. The bridegroom is a graduate of Chertown High School and is Monticau County Deputy Sheriff.

After Feb. 14 they will be at home at 303 North Owen, California.

OES 54 Club Has Valentine Party

Mr. and Mrs. J. A. Gordon were hosts at a Valentine party and business meeting of the 54 Club of the Order of the Eastern Star, Feb. 3, at their home in Green Ridge.

Decorations were carried out in the motif and colors of Valentine Day. Mr. and Mrs. Gordon were presented a bouquet of cut flowers from their guests.

New officers elected for the year were: Mrs. Nina Gordon, president; Lynn Russell, vice-president; Mrs. Clara Rucker, secretary; J. A. Gordon, treasurer.

Mr. and Mrs. Charles Schaefer, Kansas City, announce the engagement and approaching marriage of their daughter, Elvora Edell Schaefer, to Kenneth Wayne Buhlig, son of Mr. and Mrs. A. W. Buhlig, Sedalia. A May wedding is being planned.

Unique Program Is Presented To Music Club

A typical Ozark menu was served in typical Ozark style to members of the Helen G. Steele Music Club Wednesday at 6:30 p.m. at Heard Memorial Club House in keeping with the program of the evening, "Folk Music and Dances of Missouri." Little brown jugs held the lighted candles, and at intervals were trivets, earthenware crock and other antiques. The supper consisted of fresh roast pig, cornbread, baked beans, slaw, apple butter and for dessert, Ozark pudding.

Mrs. E. F. Yancey, life president, presided at the meeting after which Mrs. Al Miles, program chairman, presented Miss Eva Evans, who with her co-chairmen, Mrs. Edgar Knight and Miss Florence Hert, arranged the unique and entertaining program.

On the stage was a wagon for the first number on the program and dressed in costumes of the early days a group of the members, Miss Mary Jo Case, Mrs. Jack Herndon, Mrs. William Ward, Mrs. Leonard Peabody, Mrs. Harry Brounger, Mrs. Ben Klein, Mrs. William Faulkner and Miss Philomena Bergman, climbed on the wagon for a hayride. Among the songs they sang was "The Wide Mizourra," which was one of the first songs sung by the early settlers in what is now Howard County. Some of the first settlers of Missouri were mountaineers whose songs were the simple, homely kind. A medley of three of these old tunes was whistled by Mary Frances Herndon. These songs were often called "Hurtin' tunes" by the mountaineers, because of their sad themes and plaintive melodies. This medley included "Down in the Valley," "On Top of Old Smokey" and "Red River Valley."

It was about 1822 that a Missourian, William Becknell, led a party of pioneers to Santa Fe, New Mexico, and was successful in establishing the Santa Fe Trail, so as an example of a folk tune popular at that time the girls sang: "Trail to Mexico."

Many of our most beautiful tunes show the southern Negro influence and Mary Jo Case sweetly sang one of these numbers, "He's Gone Away."

The hayride concluded with the girls singing, "Sweet Betsy From Pike." Song collectors believe this number was one of the songs sung in the wagon trains and around the campfires as early as 1820.

Mrs. G. B. Carter was the accompanist. Narrator for the folk songs was Mrs. Edgar Knight and Mrs. Leonard Peabody and Mrs. William Ward arranged the folk tunes.

The program concluded with typical folk dances of Missouri by Sedalia's popular husband and wife dance team, Mr. and Mrs. Donald Donath. Mrs. Donath gave interesting details concerning each dance and explained that dancing was and is, man's means of expressing conversation to music. The Donaths danced the gavotte, the schottische, the polka, and the waltz in its various forms.

Receiving hostesses for the evening were Miss Margaret Johnson and Mrs. Edwin Danforth.

Miss Janice Kay White whose engagement and approaching marriage to Donald Francis Neve, son of Mr. and Mrs. Donald Neve, Phelps, N. Y., has been announced by her parents, Mr. and Mrs. Leon White. A June wedding is being planned. (photo by Lehmer)

Pre-Nuptial Parties Honor Jane Morgan

Several pre-nuptial parties were given for Miss Jane Morgan, now Mrs. Stanley Grimm.

Mrs. Ida Harriman, 1620 South Park, was hostess Jan. 5 with a bridal shower.

Small yellow pom-poms were used in decorating the house and the dining table was centered with a large bouquet of mums and yellow candles in crystal candelabra. Surrounding this were the honoree's gifts, which were presented to her by her niece, Sara Jane Mueller.

Favors were miniature dolls representing the shower motif with raincoats and carrying tiny Japanese parasols.

Bridge was the diversion of the evening and the tally was wedding bells.

Refreshments consisting of small wedding cakes and ice cream wedding bells were served.

Invited guests were: Miss Morgan, Mrs. Q. A. Morgan, her mother, Mrs. Werner Botts, Mrs. William McVay, Mrs. Robert Mullens, Mrs. Gene Miller, Mrs. William Staley, Mrs. Charles Allen, Mrs. Robert Parkhurst, Mrs. Anna Phelan, Mrs. Clara Miller, Mrs. William Bergman, Mrs. Ernest Gillespie, Mrs. H. W. Stark, Mrs. Judson Banks, Mrs. Dent Davis, Mrs. Maylon Rhoads and Mrs. Clinton Muller.

On Jan. 19 a miscellaneous shower was given by Mrs. Donald Anderson and Mrs. Louis Green at the Anderson home, 600 West Third.

The gift table was centered with a miniature bride and bouquets of flowers were used throughout the house.

Appropriate games were played and prizes awarded during the afternoon.

Little Miss Cathy Anderson and Sara Jane Muller presented the gifts to Miss Morgan, after the refreshments were served.

Invited guests were: Mrs. Grace Alquist, Mrs. George Brown, Mrs. David Funk, Mrs. Lee Brandt, Mrs. Allen Telford, Mrs. Elmer Fingland, Mrs. William Alcorn, Mrs. Louis Deckman, Mrs. George Lockett, Mrs. Neil Chapman, Mrs. Thomas Yount, Miss Morgan, Mrs. Robert Fingland, Mrs. Leo Eickhoff, Mrs. Theodore Thomas and Mrs. C. J. Muller.

Mrs. Campbell Barnard, Overland Park, Kan., entertained close friends of Miss Morgan at the home of her parents, Mr. and Mrs. Louis Green, Jan. 26.

The theme of the shower was love, with pink and white decorations.

Guests participated in several games and the bride-to-be was asked to demonstrate her skill in the kitchen by making biscuits to be presented to the groom.

The gifts were brought to the honoree in a cart decorated as a cargo ship by little Miss Claudia Barnard.

A pink and white heart flanked by lighted white tapers on which cherubs hovered centered the dining table.

Invited guests were: Miss Morgan, Mrs. Q. A. Morgan, Mrs. Lloyd Cunningham, Mrs. John

Miss Rosa Lee Kanoy, daughter of Mr. and Mrs. C. A. Kanoy, Warrensburg, whose engagement and approaching marriage to Wilbern Hayes, son of Mr. and Mrs. Wilbern L. Hayes, Houstonia, has been announced. The wedding will take place June 14 at Warrensburg.

Chemist Speaks To ABWA

Dr. D. C. Alexander of the department of Research from Adco Company was the speaker at the dinner meeting of the American Business Women's Association held at the Bothwell Hotel Tuesday, Feb. 5. Dr. Alexander took for his subject, "The Art and Science of Drycleaning."

There are many industries in Sedalia, he said, and Adco is the second oldest one.

Dr. Alexander went on to say that there are 38,000 drycleaning establishments in the United States and there are many people interested in drycleaning detergents. Many of these detergents are from Adco. The drycleaning industry means the same to textiles that service stations are to the automobile industry.

In the early days, he explained, people used turpentine, benzine and white gasoline. Up to 1928 there was great danger of explosion. Now, he said, there are special solvents, machines and detergents making the process much safer. Many detergents are blended for best results. A drycleaning job involves several steps, Dr. Alexander said, collecting clothing, marking for identification, examining for damages, stains, buttons and pins, brushing and turning pockets, sorting according to fiber and construction. Then the clothing is put into a machine and tumbled. Garments are sized, tested for water repellent, dried and tested for spots that did not come out. Some are recleaned and after

Drycleaning, Dr. Alexander said, is an art and the drycleaners strive to please all customers.

The meeting was presided over by Mrs. Evelyn Rabourn, president.

Music was by the "Four Letters," a quartette from Smith-Cotton High School. Members of the quartette were Tony Walch, Bob Walch, Don Edde and Bob Kreeger. They sang "Casey Jones," "Coney Island Babe," "Rocks My Soul," "Down by the Riverside" and "Old Ark Is a Mover."

A vocational talk was given by Mrs. Nina Fisher.

Mrs. Carolyn Greer was introduced as a new member.

Benediction was given by Miss Jessie White.

The decorations were in keeping with the Valentine motif with red candles and red hearts.

Sedalians Observe 59th Anniversary

Mr. and Mrs. W. A. Morris, 1418 East 13th, quietly observed their 59th wedding anniversary Saturday, February 9.

They spent most of their married life in Sedalia and are the parents of two sons, Oland K. Morris, 203 South Missouri, and Raymond A. Morris, LaMonte. They have two granddaughters, Shirley Ann and Lois Irene Morris.

Mr. Morris, who is retired, was assistant foreman of the bridge and building department of Missouri Pacific railroad. Mr. and Mrs. Morris are both in excellent health.

Mrs. O'Neal Honored At Surprise Party

Mrs. Elliott Morris and Mrs. Eva Heim, Blackwater, entertained with a surprise party Feb. 1, in honor of Mrs. Martha O'Neal on her 80th birthday.

Present were Mrs. May Willis, Mrs. Percy McMahan, Mrs. David Fulks and daughter, Leah May, Mrs. Roy Corbin, Sr., Mrs. Joe Price, Mrs. Herbert Shemwell, Mrs. Henry Gump and son, Max, Mrs. Archie Eichman, and Mrs. Harold Topel.

Refreshments were served. The serving table was centered with a large birthday cake that held eighty lighted tapers.

DOGGONE BIG "DOG"—Hot dogs are no exception to the tradition that everything is bigger in Texas. Here six-year-old Ann Pletsch, of Dallas, looks over the "world's biggest hot dog" displayed at the opening of a local food chain store. The giant wiener is six feet long and weighs 40 pounds. Its eight-foot "bun" weighs 30 pounds.

Actor Calmly Tells About His Accidents

By BOB THOMAS
HOLLYWOOD — Among Hollywood's new leading men, a notoriously nervous lot, Grant Williams is the exception. He can relate calmly how he was blinded for a week in a movie accident.

Grant is tall, 26, with handsome blond Germanic looks (he's half-German). You'll be seeing him in an abbreviated version with his starring role in "The Incredible Shrinking Man." Contaminated by atomic fall-out, he wastes away to two inches in height.

Naturally such a gimmick required some trick photography. Some of the scenes were shot against a burning arc lamp, and the glare erased his vision.

"For a week, I was completely blind," he said calmly. "But the doctors assured me it was just a temporary thing and my vision would return with exercise and massage of the eye muscles. I didn't do a thin in that time except take treatments. After a week and a half, I began to see things, but it was three weeks before my vision was completely restored."

During the picture he also broke a vertebra in his neck and burned his shoulder.

Grant is now starring in another shocker, "Monolith," the story of a meteor that multiplies, threatening existence on earth. I suggested that he might find himself the science fiction hero of Universal City. This would be a danger not only to his physical well-being, but to the longevity of his career.

"I think the bosses have more concern for my career than to let that happen," he said.

Grant enlisted in the Air Force in 1948, more or less to get away from home. During his Stateside training, he met a girl who was training to be a nurse. They fell in love.

Grant would have gotten out of the Air Force except for the Korean War. He was sent to the Far East and flew on reconnaissance missions. The nurse was also shipped to the war zone and they were married in Tokyo. She was killed in Korea.

Proclaims Farm Bureau Week in State

The week of Feb. 11 through Feb. 16 has been proclaimed "Missouri Farm Bureau Federation Week" by Gov. James T. Blair, Jr.

In his proclamation, Governor Blair urged "all of our citizens to cooperate in making this observance the overwhelming success it so richly deserves."

The observance coincides with a state-wide drive to increase understanding of farm problems and thinking as expressed through Farm Bureau policies.

Gov. Blair pointed out, "Agriculture is the largest single industry in Missouri and is, therefore, of utmost importance in maintaining the economic stability of this great state. Missouri ranks 11th among the states in farm cash income and Missouri agriculture produces the food which feeds our large population and the fiber which provides the raw materials for many of our industries."

"In return the farmers are among the chief consumers of the manufactured products of our factories," he continued, "and furthermore, contribute significantly to the social and cultural welfare of the people of this state."

The governor's statement concluded: "Missouri farmers undoubtedly find helpful strong, progressive farm organizations to aid them in putting their ideas into action toward building a strong democratic state, and to assist them in increasing farm income to improve rural standards of living so that farmers can more effectively contribute to a consistently prosperous economy in the state and in the nation."

Sedalians Take Part In Goodwill Cruise To South America

Participating in a combined goodwill and training cruise to South America are Donald M. McFatrach, personnel man third class, USN, 105 South Prospect, aboard the escort destroyer USS Keppler, and Charles L. Whitney, ship's serviceman seaman, USN, 313 West Johnson, aboard the escort destroyer USS Fred T. Berry.

The task group of destroyers and submarines will provide training services and demonstrate modern methods of anti-submarine warfare to their host countries during the 11-week cruise.

The first port visited was La Guaira, Venezuela during the period Jan. 12-21. Their present stop at Rio de Janeiro will include the period Feb. 2-11, followed by a visit to Montevideo, Uruguay Feb. 15-23 and several cities in Argentina during the period Feb. 24-March 4.

Terrible Type

SEATTLE (AP)—An ad in a Seattle newspaper offered for sale "30 TERRIBLE ACRES. Will be foreclosed if not sold promptly. This is a steal for a person with imagination."

There was one mistake, those were "tillable acres."

Julie Adams and Elsa Martinelli (above) and Marianne Cook and John Gavin (below) are the four girls and George Nader is Julie's man in "Four Girls in Town," story of love and ambition in Hollywood produced by Universal-International in Technicolor and CinemaScope. Now showing at the Fox Theatre.

Whitton Explains Value Of Limited Access Roads

The new federal aid highway program, with its requirement of access control for all Interstate System highways, has focused public attention on that construction feature and has emphasized public interest in it. Because of this rising public interest, along with a flow of questions about it, Rex M. Whitton, chief engineer for the Missouri State Highway Commission, suggests some benefits to be achieved from it.

"Controlled" or "limited" access actually is a guarantee that a highway will live, and not become obsolete in sections because of fringe development. More specifically, when access on a highway is "controlled," or "limited," it means simply that all access points have been designated in advance of construction, as the road was designed, and right of ways needed for its construction then acquired incorporating all access points into the land deeds and barring the others.

Citing some of the benefits of controlling or limiting access, the

Gary Cooper finds his son, Anthony Perkins, wounded on the battlefield after the youth has entered the fight, to prove to himself that he was not a coward. The dramatic scene is from William Wyler's movie "Friendly Persuasion," which is loaded with action and comedy, starring Cooper, Dorothy McGuire and Marjorie Main, and introducing Anthony Perkins, the talented young New York stage actor. Persuasion starts today at the Uptown Theatre. The picture is based on the book by Jessamyn West, filmed in color.

individual living along the highway.

Whitton commented that the old concept that controlled or limited access is injurious to the economy of a community adjacent to the modern highway has been repudiated many times. Instead, studies have proved time and again that where a controlled access facility has been built through or adjacent to a community, revenues and expenditures brought about as a result of the improvement have increased materially.

In urban centers, where expressways cut through hearts of cities, experience has been that such developments actually profit every section, even to creating new wealth to pay for themselves many times over. There, from an operating standpoint, the studies indicate the savings to the average motorist range up to as much as

four cents a mile in gas, tires, oil, time, etc.

Studies in other states show that invariably land values adjacent to limited access facilities increase in value. Missouri is now working on the fourth and final year of an economic study of effects of the interstate relocation with limited access at Rolla. No final conclusions are available on that study as yet, but early returns indicate Missouri's experience will follow the pattern of that in other states.

Museum Piece

RATHDRUM, Idaho (AP)—The Rathdrum Tribune, one of the few remaining weekly newspapers for which type is set entirely by hand, is presenting its 100-year-old press to the University of Idaho museum. Charles W. Kulp, 77, and J. R. M. Kulp, 76, have been co-publishers for 54 years.

Says Ads Are Stimulation For Viewers

NEW YORK (AP)—Why do you tune to some television programs in preference to other programs? John Eckstein, director of advertising for ABC-TV, believes that newspaper advertisements of television programs are one of the best means of attracting viewers. ABC spends a million dollars a year in newspaper ads.

"Newspapers are the mainstay of television advertising," he said. "We've found that people throughout the country refer to the television pages of their newspapers night after night. It has become one of the most popular sections of the paper. And the majority of papers, fully aware of the great public interest in television, devote as much space as they can to it."

The popularity of TV programs is judged, of course, by audience rating agencies which sample only a small percentage of viewers. In testing its theories about newspaper advertising, ABC has concentrated on ads in 14 cities where viewers are regularly polled by the audience rating agencies.

"We've found a direct relationship in several programs between advertisements and audience popularity," Eckstein said.

Besides newspaper advertising, the network promotes its programs on its own air time and presently is pioneering in such devices as animation, stop motion and other trick photography.

In only one city has ABC experimented with billboard advertising. That city is Los Angeles.

Why?

"In Los Angeles," says Eckstein, "nobody walks. Everybody rides. When you're riding, a billboard is something to look at."

Sun, Sand, Sky and Stars;
Civilization, How Fare You?

By HAL BOYLE

ANDROS TOWN, Bahamas (A)—I sit here by a cool green sea, warmed by a hot sun the color of a fried egg in the blue bowl of the sky.

One of these days I'm going to rare right up out of this chair and walk 15 feet and dunk a toe in the Atlantic, and test the widely held rumor it is wet. Maybe I'll walk along the shore also and scuff me up a shell with my big grubworm-white toe, and hold it to one ear and hear it sing me the tune of the sea that is already right there murmuring the same song it sang to Christopher Columbus.

One of these days I'm going to drop a line in those waters, I'll bet you, and haul out a big-nosed fish with a high forehead, and it will be speckled with an exploding rainbow, and it will have orange eyes opened in lasting surprise.

One of these days—But right now I'm going to just sit here and enjoy the remembered pleasure of my Missouri boyhood when summer came and a boy could take a load off his mind by removing his shoes, and feel the breeze cool his spreading toes, as one foot deliriously scratched another.

This is what I think of in the first few free hours of a winter vacation, as I sit here and look at my arm and watch the peculiar nerve jerks of civilization slowly subside.

I feel so grateful to be here. I feel grateful because I know I am fortunate. I realize fully that of the billions of people on earth only a few million ever get the chance to have a winter vacation of this type so far from home—and even fewer have the reckless courage to go so deeply in debt to do it.

It is trips like this that really separate the boys from the bankrupt. So long boyhood!

I feel so grateful to my wife, Frances, at this gracious moment. I learned about women from her, and after nearly 20 years of marriage, there isn't a day dawns that I don't learn more.

Women are a heartening, helpful sex, and without them the world wouldn't be half so interesting.

They do keep the moss from accumulating on a man.

I also admire women because they will battle corporations, big or small. Few men will. I am the kind of a guy who, if he puts a penny in a subway gum machine and the gum doesn't come out, walks cautiously back and forth on the platform to be sure it is deserted and there are no witnesses before going back and kicking the machine.

My wife—like most wives—has more grit. She believes that what is good for her should be good for General Motors. She has had a running feud with the American Telephone and Telegraph Co. that goes back to the days when Don Ameche invented Alexander Graham Bell.

Here's an example: She was sure that we wouldn't need to buy airline passage for our daughter, Tracy Ann, because "we can hold her on our laps—and she won't take up seat space."

Well, when we checked in at the airport the jolly ticket man chuckled Tracy under the chin, and said, "Pretty child, how old are you?"

Tracy wisely kept her mouth shut, as did her mother, but proud papa had to bust out, "She's 3½—and big for her age."

As Frances glared at me, the airlines man said:

"Aha! Then she'll have to have a half-fare ticket!"

While the development of aviation halted, Frances and the airlines fellow battled out the issue. Fifteen minutes and \$91 later Tracy had her ticket and we were on our way.

I couldn't stop laughing, and I still can't. When you start off a vacation by spending \$91 more than you planned on, you might as well laugh. You have 50 full weeks to cry about it after you get home.

Ah, sun, sand, sky, stars like deep candles in the soft night, green sea with your waves endlessly rolling, native boys laughing on the shore, throwing a stick to a dog in the surf.

Civilization, wherever you are, how fares it with you?

Cadet System Helps Ease Teacher Shortage Problem

By NEA Service
SPRINGFIELD, O.—(NEA)—The critical shortage of school teachers that is plaguing educators, government and pupils would be eased considerably if there were a few thousand more women like Mrs. John W. DeLong, Springfield housewife and mother of three children.

Mrs. DeLong yearned to teach. She knew it would mean intensive study and training, but figured she could cram the work into her already "full" daily schedule.

So when Wittenberg College here started a cadet teaching preparation program in February, 1955, she was right there to sign up for the courses. Now, just two years later, she's ready to begin

teaching in elementary grades. When Mrs. DeLong first signed up for the program, she planned to take evening classes for seven semesters and to do her student teaching the eighth semester, thus earning her cadet teaching certificate.

However, Mrs. DeLong is a determined woman — and because she is so determined, she is going to reach her goal much sooner than planned. When she completes her student teaching requirement in June, she will need just six hours of summer school courses to complete the 64 hours required to earn her teaching certificate. She speeded things up by taking the maximum number of evening class hours permitted and a full

load during two Wittenberg summer sessions.

The cadet system, a plan to enable persons without college degrees to teach, is a condensed college course leading to a bachelor degree in education.

After the first two years, the teaching student begins teaching full time with a temporary certificate. Courses are generally taken over the next two summers, after which the final certificate is awarded. The temporary certificate is rescinded after the four years are up. The student must complete the course if he wants to continue teaching.

Mrs. DeLong will be a certified teacher in August, 19 years after her high school graduation. She is the first evening session student to receive a cadet teaching certificate.

She meant to start teaching when two-year-old Jimmy, her youngest son, entered kindergarten. But, ahead of schedule, she

now hopes to become a substitute teacher next fall and a full-time teacher when Jimmy goes to grade school.

"I've always loved kids," Mrs. DeLong explains, "and in going into teaching, I'll be in a field that will help me young."

And Dr. Wendell C. Nystrom, dean of Wittenberg, says: "In Ohio alone, more than 7,000 new teachers will be needed every year for the next 15 years. At present, only 5,000 persons are being prepared annually to fill these positions."

A couple of thousand like Mrs. DeLong would help very nicely.

4-H Woodwork and Electricity Leaders Meet

Twenty 4-H woodwork and electricity leaders attended a leaders training meeting at the Central Missouri Electric Cooperative building Monday night, Feb. 4.

Training was given on project and leaders material needed, project requirements, exhibiting, judging and demonstration work. The electricity subject matter and some ideas for what they could make was presented by Millard Tabler and Frank Halo, employees of Central Missouri Electric Cooperative (REA). Miss Opal O'Brian explained about proper lighting. A movie was shown to the woodwork leaders and a discussion concerning the woodwork project.

MYF Rehearsing Songs For Sunrise Service

The Dresden MYF met Sunday night at the church.

David Woodward gave the devotional and Harry Fowler had charge of the meeting. Plans for the skating party were completed and it was decided to meet each Sunday night until Easter. The group is rehearsing special songs for the Easter sunrise service.

SEDALIAN IN NAVIGATOR'S COMPETITION—The five-man 850th Air Reserve Navigation Squadron team from Grandview AFB heads for home as runners-up in Tenth Air Force's first annual four-day Reserve navigator's competition that ended Feb. 2 at Miami International Airport, Florida. Left to right aboard their Douglas TC-47 "Flying Classroom" are Capt. Charles V. Buffington, Army Audit Agency auditor, and Logan W. Tackrey, a Municipal Airport employee, both of Kansas City; Elvin E. Gerard (standing), Salina, Kan., a livestock and grain farmer, who replaced Capt. Clyde G. Layton, Independence, Kan.; Lt. Col. Fred J. Sellars, 41, squadron commander and team captain, manager of Kansas City's Quindaro Homes; and Maj. Billy G. Deck (right rear), 1611 East Ninth, Sedalia and son of Mr. and Mrs. Jacob Deck, of Deck's Home Appliance Co. Their score of 172.8 points of a possible 200 was shaded by the 173.8 of the winning 8501st Air Reserve Squadron, O'Hare International Airport, Park Ridge, Ill. Six teams were to vie in the rugged 2,700-mile aerial exercise—1,600 of it over water—but one was kept out by engine trouble. Bad weather forced the crew to fly an additional 800-mile round trip over the Gulf of Mexico from Miami and back. This was a substitute final leg for the one scheduled to Memphis (Tenn.) International Airport—their starting point. The first two of the three flight legs called for an 845-mile hop to Ellington AFB, Houston, Tex., from Memphis, with a 1,004-mile flight next day from Ellington to Miami, 850 miles of which was over the gulf.

Astronomer Reports New Lines on Mars

SAN FRANCISCO (AP) — Something new on Mars—a network of irregular blue lines running through the bright red desert areas of the planet — is reported by a California astronomer.

They were seen fleetingly by Dr. Robert S. Richardson through the Mt. Wilson 60-inch telescope June 3, 1956.

Dr. Richardson noted several other details as the planet approached the earth but never saw the intriguing blue lines again. His report, one of the first to come from the 1956 observations, was published today by the Astronomical Society of the Pacific.

Mars then was 74 million miles away. It was coming toward the earth but did not reach its closest point until Sept. 7, when it was only 35,131,000 miles away.

The crooked blue lines probably are canals, Dr. Richardson said. But they are different from the long, straight lines heretofore seen by astronomers. The straight lines also have been called canals but they are a matter of much speculation. They appear during the Martian spring and fade out before autumn. They can be seen only occasionally and never have been photographed clearly.

Another difference noted by Dr. Richardson was that the desert canals were "distinctly blue" and

looked something like veins running through a chunk of mineral. Other observers have described the better known straight lines as merely dark or gray.

Class of 1948 Plans Reunion Here in April

Members of the graduating class of 1948 of the Smith-Cotton High School are planning a reunion to be held in Sedalia on April 27, with reservations to be in by April 15.

The idea started with a dream. Ilene Wagner Harrison, who now resides in Marshall, dreamed one night that her class was having a reunion. When she woke up and began thinking about the dream, she thought to herself, "Well, why don't we have a reunion?"

With that she contacted about nine of the girls in her class who are still in Sedalia and plans were started for the reunion. There were 193 in the class and the names were divided up among the ten girls. Letters were mimeographed and the ten girls took their share, signed them so that the reservations could be sent directly to them, with each of them being responsible for the reservations and money from their own contacts, and most of the letters have been mailed. Of the 193 they managed to secure the addresses of all but about four members of the class. A large number of them still live in Sedalia, but those who have gone are scattered all over the nation.

The British government abolished the slave trade in its African colonies in 1807-11.

Hot Rod
NORMAN, Okla. —Bert Calvin Weaver, 31, decided to try out a police motorcycle parked in the city garage.

When he started the motorcycle, the throttle suddenly stuck wide open and the machine shot through the closed door and across the street.

Policeman Gordon Collett, who normally rides the motorcycle, commented: "He's a better rider than I am. I could never get it through the door."

WATER ISSUE—REGISTERED VOTERS ONLY

We have been advised by an authoritative interpreter of law that **ONLY PERMANENTLY REGISTERED VOTERS MAY LEGALLY VOTE IN THE WATER BOND ELECTION, Tuesday, February 19th.**

Unlike a school bond issue, the proposal to purchase the Sedalia Water Company by the City of Sedalia, should and is considered by this well versed authority as a general revenue measure.

Section 91.120 of the Missouri Statutes may be studied by any interested party, or parties.

We feel that unregistered transients, etc., etc., should not be permitted to vote IN ANY REVENUE BOND ISSUE! Furthermore, we feel that any bond issue that is defeated at the polls **SHOULD NOT BE BROUGHT UP AGAIN FOR A PERIOD OF AT LEAST TWO YEARS.** (With exception of school bond issues.)

The water bond issue involves a proposed indebtedness of nearly \$3,000,000.00—quite a chunk of money in anybody's language. As we said before debts are easily contracted during a period of inflation, **BUT THEY ARE HARD TO RE-PAY IN THE EVENT OF A DEFLATION.**

We sincerely feel that Sedalia's water rates will of necessity have to be raised, regardless of who owns the water company. This is "horse sense" to us, because the prices of all commodities and services have been raised in the past few years—some two or three times.

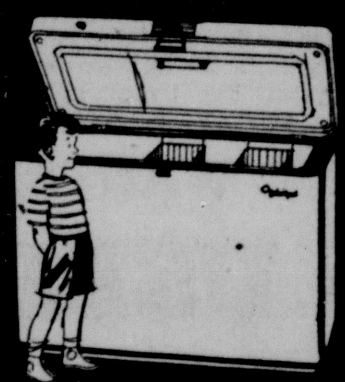

We further feel that purchase of the water company and the subsequent giving of employment by the city's officials might increase the power and pressure of a political machine with its "Boss", in the event either the Republican or Democrat party was saddled with such a machine in the future.
